LAINE'S DRY BILL PERMITS HOME BREWS

VAT* DWELLINGS UNDER THIS BILL NOT TO BE SEARCHED UNLESS USED FOR SALE OF LIQUOR

TTION FORCES KEEN IN SCRUTINIZING ACT

LAY MEET WITH OPPOSITION FROM THEM WHEN IT REACHES STAGE OF DEBATE

Stevens Point, June 7.—A prohibition enactment to replace the Matheson recently vetoed by Governor John A. Elston was introduced in the legislature today. The bill follows the expressed by the governor in his message.

The manufacture of home brew and made wines is not prohibited by the new bill except where such is made for sale. The measure prohibits the searching of private homes except where such dwellings are used for the sale of liquor.

The bill is being studied by the officers of the Wisconsin Anti-Saloon league today and may meet with opposition from that organization. No meeting to this effect would be made by P. Hutton, superintendent of the league, until a careful study of the bill has been made.

The salient features of the bill are: The Volstead or federal act shall be held supreme in all cases. State prohibition enforcement officers shall have access to the records for the federal government at all times.

Penalties are provided for drunk driving. Conveyances used in transporting illicit liquor shall be confiscated. All bars, screens, stalls, curtains, blinds shall be removed from soft places having permits.

Municipal boards have a right to issue licenses to such places. Permit places are prohibited selling any liquor, liquid or containing more than one-half per cent alcohol. (This feature nullifies the sale of patent medicines for medicinal purposes, a feature omitted from the Moberger law and the new bill, according to Governor Elston.)

Changes in the Volstead act actually become a part of the state law. Wines may be issued for medicinal purposes upon application to prohibition commissioners.

Physicians must pay a fee of \$1.00 to secure a permit to write liquor prescriptions. Pharmacists must have a state license to fill prescriptions.

Failure of local authorities to enforce the law may be the cause of removal from office. Persons having "hip liquor" prove the legal possession of it. All extracts for beverages can neither be manufactured nor sold.

Provision of a still is considered sufficient evidence under the bill liquor is being made for sale purposes. (This feature is aimed at moonshine, which, the governor said, is one of the great evils of the enforcement machinery of the state.)

All carriers of the same spirituous liquors are liable to \$100.00. In car smash-up on Fond du Lac road, members of the Fred Becker family of Fond du Lac were injured by that three of them were sent to hospital when their car was run by an unknown car at Black Oak on the Fond du Lac-Oshkosh road. All are expected to recover. Unknown car hurried away with- out any help.

IOWA BANK ROBBED Hann, Ia., June 7.—Robbers broke into the First National bank early today, blew the safe and got out with \$4,000.

LIQUOR STORED IN EGGS

BRIGHT NEW IDEA OF BOOT-LEGGERS CONFESSED TO IN MADISON

Madison, Wis., June 7.—Liquor eggs are the latest deceptive means used by bootleggers in Madison, it became known here today.

An Italian resident, long suspected of selling moonshine at his home, has given up the illicit business and in doing so made public the secret hiding place of the liquor.

He blew out the contents of hen's eggs, he said, and then filled the shells with liquor. Sealing wax was used to repair the broken shells and make them water tight.

Eight times prohibition enforcement officers raided his home and made a thorough search of liquor. Each time they failed though a basket of liquor eggs was in plain sight.

An egg shell holds the customary three fingers. Eggs were never broken in the sight of customers, the Italian said.

NEW WATER SUPPLY CAN BE DEVELOPED

ENGINEER MAKES GRATIFYING REPORT ON THE INVESTIGATION MADE IN PLOVER RIVER BASIN

A water supply of pure and wholesome quality and adequate in quantity to supply the city of Stevens Point for all time exists in the Plover river basin, east of the city, said W. G. Kirchoff, hydraulic and sanitary engineer, in a report just submitted to the board of public works and the special council committee on water supply, covering the results of investigations begun last November.

In private conversation, Mr. Kirchoff made the statement that the Plover river is the best source of supply he has seen in his long experience as an engineer. Mr. Kirchoff has designed 120 waterworks and sewage systems in the last 20 years, is consulting engineer to the state department of engineering and author of a bulletin on Wisconsin water supplies.

A Fact Established The investigations completed by Mr. Kirchoff have definitely established the fact, long suspected, that the basin of the Plover river holds an inexhaustible supply of water of superior quality. It therefore has accomplished what the city started out to do: to prove that it is not necessary to depend upon the Wisconsin river, with its polluted water, as a source of supply.

This having been done, it is now expected that the state board of health will order a hearing in the immediate future to determine upon some course of action to give Stevens Point an adequate supply of pure and wholesome water. The state board last summer made a survey of the situation here and gave notice to the Stevens Point Water company that something must be done to correct conditions regarding the water supply. When the city began its investigations the board held its proceedings in obedience to await the results.

Articles Stolen From Machine OF DR. L. P. PASTERNAK, PARKED AT HIGH SCHOOL

While Dr. L. P. Pasternack was attending a meeting of the board of education at the High school Monday evening his car, which stood at the curb in front of the building on Clark street, was searched, an expensive pair of goggles, a flashlight and other smaller articles.

Several road maps were removed from their place in one of the doors of the machine and left on the seat, evidently dropped there as the car was being hurriedly searched. Several other cars parked nearby were untouched.

Dr. Pasternack is president of the board of education.

Life and Death. Just because you think life is not worth living is no sign that death will be worth dying.

CAR IS SEARCHED BY PETTY THIEVES

About 25 members of the Lady Macabees lodge were entertained at the G. E. Jordan and Whitney homes in Waupaca at a 6 o'clock dinner Friday evening. The trip was made by auto and a fine time was reported. Mrs. G. E. Jordan and Mrs. Byron Whitney were the hostesses.

Amherst Team Wins The Amherst baseball boys were at Port Edwards Sunday afternoon where they played a close game resulting in victory for Amherst on a margin of 9 to 5.

Amherst Briefs Mr. and Mrs. Aug. Stabe and little daughter returned to their home in Milwaukee Sunday after spending a week with their mother, Mrs. E. Starks and other relatives.

Miss Mildred Morgan of Kenosha is a guest of her parents, Mr. and Mrs. George Morgan.

15 TO FINISH AMHERST HIGH

GRADUATION EXERCISES FOR CLASS OF 1921 TO BE HELD ON THURSDAY EVENING

SERVICE IS HELD SUNDAY

BACCALAUREATE SERMON IS DELIVERED BY REV. C. E. COON

Amherst, Wis., June 6.—On June 9 a class of 15 young students will be graduated from our High school, class of 1921. The exercises will be held in the opera house Thursday evening as follows:

Invocation—Rev. Mr. Slade. Salutation—Eva Ray Shanklin. Music. Speech—M. H. Jackson. Song—Lillian Beltack. Valedictory—Ella Quinn. Presentation of Diplomas—Principal Grover C. Feist. Class Song—Class. Benediction—Rev. Slade.

On Sunday evening the baccalaureate sermon was delivered in the M. E. Church by Rev. C. E. Coon. A short musical program was given by the male quartet of Waupaca, two duets by Mrs. G. C. Feist, violin, and Mrs. Harold Munchow, organ, which preceded the excellent talk which was addressed to the graduates. The church had been decorated with flowers and potted plants and a large crowd of friends and relatives of the class were present. Following is the list of graduates: Edgar Willer, president; Jerome Nelson, vice-president; Willis Nelson, Secretary; Ella Quinn, treasurer; Eva Rae Shanklin, Malcolm Maxwell, Chester Brandum, Charlotte Gasman, Anthony Kiraling, Gertrude Morgan, Myrtle Williams, Lillian Beltack, Leola Allen, Genevieve Thomas and Sarah Dwinell.

Carnival Is Held A splendid little carnival was given by the school pupils of the grades and the high school last Friday afternoon. The parade which was put on in the afternoon, was a complete surprise to the public. The make-ups in the parade were good and were received with cheers and applause by the crowd. After the parade, they retired to the school house, where the carnival was in full swing both afternoon and evening with fish pond, fortune telling, booths of candy and popcorn, in all netting the school a neat little sum of money.

Entertain Friends Mr. and Mrs. Orris Halverson entertained a small gathering of friends at their home Tuesday evening at cards. Refreshments were served at 11 o'clock.

Butter Makers Meet Mr. and Mrs. Wm. Peterson and son Donald, attended a butter makers' picnic at Wild Rose Sunday. The convention included butter makers from Portage, Waupaca and Waushara counties.

Macabees to Waupaca About 25 members of the Lady Macabees lodge were entertained at the G. E. Jordan and Whitney homes in Waupaca at a 6 o'clock dinner Friday evening. The trip was made by auto and a fine time was reported. Mrs. G. E. Jordan and Mrs. Byron Whitney were the hostesses.

Amherst Team Wins The Amherst baseball boys were at Port Edwards Sunday afternoon where they played a close game resulting in victory for Amherst on a margin of 9 to 5.

Amherst Briefs Mr. and Mrs. Aug. Stabe and little daughter returned to their home in Milwaukee Sunday after spending a week with their mother, Mrs. E. Starks and other relatives.

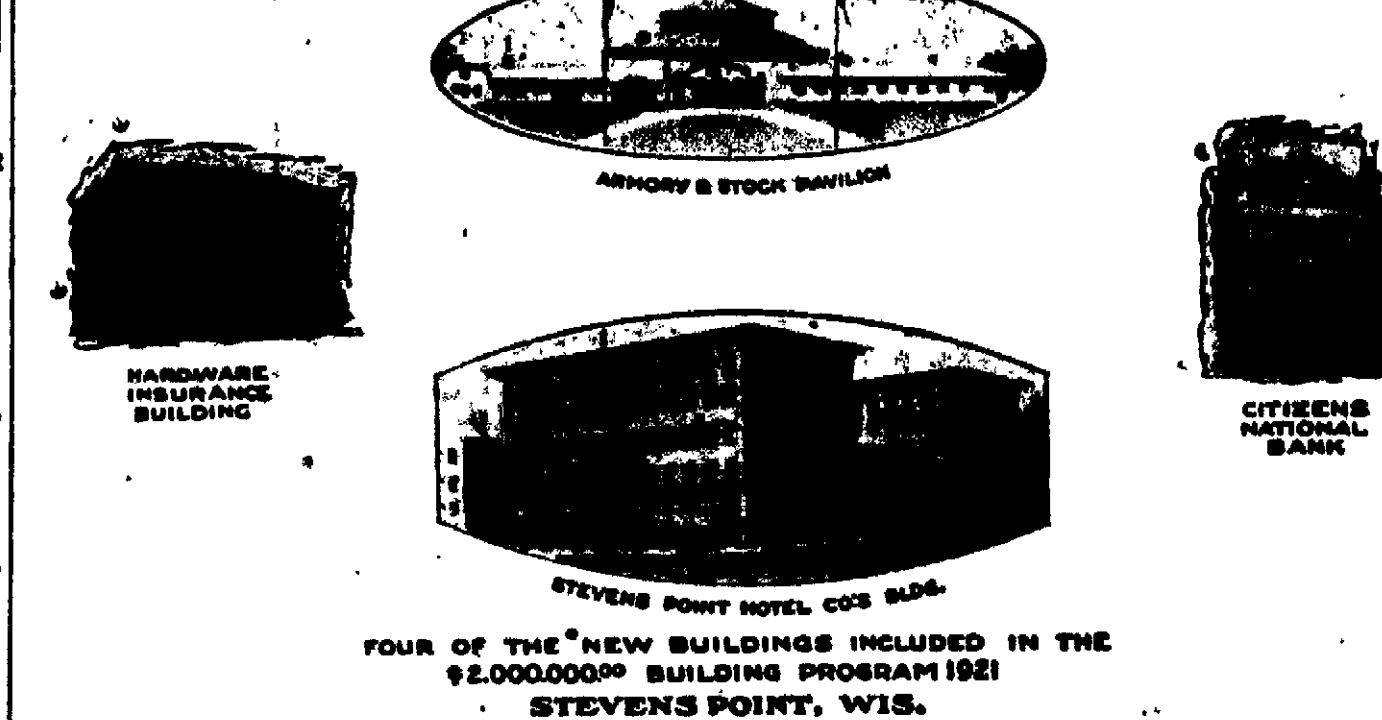

Miss Mildred Morgan of Kenosha is a guest of her parents, Mr. and Mrs. George Morgan.

Mrs. Katherine Gormley of Milwaukee, Wis. and Roger Adams of Milwaukee, Ark. and were week-end guests of the former's sister, Mrs. Geo. B. Allen. Mrs. Allen accompanied them to Milwaukee Sunday for a week's visit at the Gormley home.

Miss Frances Fleming has been ill and under the doctor's care the past week.

Mrs. John Drosche and daughters, who have spent several months in

CHAMBER BOOSTS "THE CITY WORTH WHILE"

Four reasons why Stevens Point is commanding state wide attention as a live city will be forcibly called to the attention of thousands of people of the United States during the next six months. The Stevens Point Chamber of Commerce announces a plan which will be of mutual benefit to the city and its residents. The use of the above cut, secured by the secretary of the Chamber, is offered to all local business houses without cost for the backs of envelopes. New cuts pointing out other industrial developments will be made every six months and may be used by firms. One group of pictures will be confined to leading wholesale establishments. "This is one way of advertising Stevens Point's many activities," Secretary F. Leslie Body explained. "We want to place the advantages of this city before the public in a favorable way and hope that many business men will take advantage of it. The continuance of this plan as a permanent method of boosting the city, depends upon how large the response from those who are offered its benefits."

IS NAMED PHYSICIAN AT VETERANS' HOME

DR. J. B. EDWARDS, WHO WAS HERE FOR SEVERAL MONTHS, GOES TO WAUPACA

Dr. J. B. Edwards, formerly of Milwaukee, who had been acting as a home for several months with his daughter, Mrs. W. W. Clark, 719 Ellis street, has been appointed resident physician of the Wisconsin Veterans' Home at Waupaca by the board of governors of that institution. Dr. Edwards has already reported for duty there and will be joined by Mrs. Edwards this week. Dr. Edwards was for many years, prior to reaching the age of retirement, a medical officer in the Wisconsin National Guard. He was a major with the Third regiment in Porto Rico during the Spanish-American war and also served as surgeon general of the Wisconsin National Guard.

LOCAL CAMP SITE IS NEARLY READY

BUILDING HAS BEEN ERECTED IN GROVE AT FAIR GROUNDS FOR CONVENIENCE OF PUBLIC

Stevens Point's tourist camp site at the fair grounds is rapidly nearing completion and already presents an attractive appearance. Under direction of M. E. Bruce, a building 10 by 12 feet in dimensions has been constructed in the pine grove in the southwest corner of the grounds, to be used as a shelter and place to eat. It will be equipped with benches and tables. A good water supply is available from a pump, installed at the tennis courts a few feet away. Large signs directing tourists to the site will be erected on Main street and across the grounds.

UTILITY TAX HIGH

The Wisconsin tax commission is authority for the statement that the rate of taxation on gas, electric railway, light, heat and power utilities for 1921 is increased more than 11 per cent.

Stevens Point, where the Misses Mildred and Lillian have been attending the State Normal school, are returning here and will occupy rooms in their brick flat on Mill street.

Mrs. F. H. Cramer is confined to her home by illness.

Mr. and Mrs. Earl Shellhammer and Mrs. John Shellhammer of Port Edwards motored through here Sunday and were callers at the Couch home on Wilbur street.

Mr. and Mrs. Charles D. Price and baby of Stevens Point visited over Sunday with Mr. and Mrs. O. R. Barber.

Miss Mae Hjelm of Northland is visiting her sister, Mrs. John Loh-

CHINESE IN MUTINY

REGULAR TROOPS ATTACKED AND A NUMBER ARE KILLED

Hankow, China, June 7.—Mutinous Chinese troops have partially looted the troops at Ichang, a treaty port 165 miles northwest of here, for the second time in six months, according to official reports. American, British and Japanese gunboats have been dispatched to Ichang where they are expected to arrive today. Councillor reports indicated that an attempt to check the regular troops in reporting opium smuggling operations was the cause for the uprising. The Chinese custom house was damaged. The casualties have not been determined, but are expected to exceed those of the November mutiny at Ichang when 60 were killed and \$2,000,000 in property destroyed.

BISHOP SCHWEBACH'S WORK IS LAID DOWN

PRELATE OF LA CROSSE DIOCESE AND RELATIVE OF STEVENS POINT PER-SONS IS DEAD

Rt. Rev. James Schwebach, bishop of the Catholic diocese of La Crosse, died at La Crosse Monday, aged 74. The bishop had been ill for several years, though able to attend to his church duties until a few months ago.

He was born in Luxembourg in 1847 and came to America when a youth. He was graduated from St. Francis seminary in 1870 and immediately assigned to St. Mary's, the principal English Catholic church at La Crosse, which he had been serving even before his ordination, and he remained in La Crosse throughout his career. He was pastor of St. Mary's until 1892, when he was appointed bishop. Being the senior bishop at the time of the appointment of a successor to Archbishop Katzer of Milwaukee, he was preferred for that appointment, but waived his rights in favor of Bishop Mesmer of Green Bay, who was then appointed archbishop.

Bishop Schwebach was remarkably popular. Kindly and democratic, little inclined to the exercise of authority, he was a benefactor of the poor and the backer of all good public movements.

For a number of years two parishes in this county, at Mill Creek and Junction City, were in the La Crosse diocese, and Bishop Schwebach made regular visits to them.

Bishop Schwebach was a cousin of the late Joseph Schwebach of Stevens Point, father of Joseph and Emil V. Schwebach, 402 Water street.

AMERICAN FATALITY HURT BY A MEXICAN MANIAC

Guadalajara, Mex., June 7.—J. H. Hanken, one of the most widely known American railway men in Mexico, was shot and probably mortally wounded by a maniac today at Irapuato, according to advices from that city.

RAILROAD EMPLOYEES FORCED OFF BOARD

THREE COMMISSIONERS ARE COMPELLED TO RESIGN BECAUSE OF FEDERAL RULING

Three members of school boards in Stevens Point have been forced to resign because of a ruling just handed down by the Interstate Commerce commission to the effect that railroad employees cannot hold public office.

This came to light on Monday evening when W. J. Dumbleton and F. A. King, both from the Sixth ward, made verbal resignations as members of the board of education, and the written resignation of Harold McCallum of the Vocational board was read. All three were accepted and successors named to fill two of the three vacancies.

Alvin Pike Chosen On recommendation of Mr. King, the board of education named Alvin Pike, 1204 Michigan avenue, to succeed him as member from the Sixth.

Pike serves until the next annual election, which falls on Tuesday, July 5, and will therefore be entitled to serve only at the next meeting of the board unless elected on the fifth. It is understood that he will accept the office if chosen by the voters of his ward. Mr. King's term would not have expired for another year but according to rules governing cases of this kind, the board can fill a vacancy only until the next election.

Explains Ruling Mr. Dumbleton, whose term would have expired next month, made no recommendation as to who should succeed him. Addressing the board, he explained that a ruling of the Interstate Commerce commission provides that railroad employees cannot hold public office, either rural or urban, and that membership on a board of education is considered public office. If a railroad employee continues to hold office, he cannot accept transportation for himself or his family, even though making a trip on business for his company, it was explained. This provision of cutting out passes was aimed to remove members serving on board. Mr. King stated that his case was identical with that of Mr. Dumbleton's and the letter from Mr. McCallum was also the same.

Elect Frank Kelley In Mr. McCallum's place on the Vocational board, the school board chose Frank E. Kelly, 331 Ellis street. Mr. Kelly is a salesman at the J. A. Van Rooy store. He will serve out the unexpired term of Mr. McCallum, which is until next January. All members of the Vocational board are chosen by the board of education, according to state law.

Regret Losing Numbers In accepting the resignations of two of its members, the board Monday evening went on record as feeling keenly the loss of two men who have shown sincere interest during their period of long service. The members declared they were sorry to accept the resignations and did so only under protest. Mr. Dumbleton has served a period of 21 years in all, although not consecutively. His last

CHARITY DRIVE BRINGS \$50,000

DEANERY QUOTA WILL BE REACHED BY END OF WEEK, ACCORDING TO REPORTS

\$4,150 AT ST. PATRICK'S

LANARK PASTOR'S CHARGES RAISE SUM ABOVE ALLOTMENT

(From Tuesday's Daily) Reports received up to today by R. Pfister, chairman of the Stevens Point Catholic Charities campaign, show that \$4,150 has been raised thus far, which campaign in many parishes was to be finished. Several of the parishes reporting showed successful success. The deanery quota is \$50,000.

\$4,150 at St. Patrick's St. Patrick's congregation in Lanark, with which are especially mission churches, St. James at Port Edwards and St. Martin's in Shawano, with an allotment of \$2,000, reported \$4,150 raised today, while reports from other parishes were still to be received. Rev. A. J. Quinlan is pastor of the church.

St. Stephen's congregation, with \$12,500 reported Monday, today had \$15,000 subscribed. The campaign in this congregation is now being allowed to continue under the weight as \$2,000 over the allotment has been secured.

St. Mary's church at Plover reported \$4,000 raised today, while there were teams of workers still out. It was believed that the allotment in this congregation, \$5,000, had been filled this afternoon. Sacred Heart church at Plover reported \$4,000 raised, with an allotment of \$12,000. St. Andrew's church in Albion, with a quota of \$2,500, reported \$7,000 raised.

The campaign in St. Peter's and St. Stanislaus congregations in this city is going along fine, according to Deanery Chairman Pfister. St. Joseph's church, Monday had \$5,000 reported with an allotment of \$5,000 and subscriptions were still coming in.

Talks with Keller Mr. Pfister talked with Gustav Keller of Appleton, diocesan chairman, late Monday evening. Mr. Keller declared that every deanery in the Green Bay diocese with the exception of a few had reported allotments secured, and that indications were that the work would meet with complete success.

Members of the executive committee of St. Stephen's parish wound up their affairs with a little jollity at a meeting at the Palace of Sweets Monday evening. Additional subscriptions were added to the list and a new executive committee named to continue what little work remains.

This committee consists of four members, with Rev. James C. Hogan as chairman. He will have as members of his committee J. B. Sullivan, A. N. Berens and Mason J. O'Brien.

TWO LOCAL GIRLS GRADUATE NURSES

MISS HELEN MARTINI AND MISS MILDRED FOSTER COMPLETE COURSE AT MARSHFIELD

Two Stevens Point young ladies, Miss Helen Martini and Miss Mildred Foster, were graduated last week from St. Joseph's Training school for nurses at Marshfield. Commencement exercises for a class of eight were held at the Adler theater. Others who were graduated are Mary Wenner, Marshfield, Minn.; Cora Muecke, Marshfield; Anna Beck-heim, Hewitt; Mary Ballou, Marshfield, and Lizzie M. Peckham and Pearl Mulbrandt of Madison.

Period of service dates back four years. During the present year he has also been chairman of the committee on teachers, one of the most important offices on the board. Mr. King has served for three years.

STEVENS POINT GAZETTE

WEDNESDAY, JUNE 8, 1921

Journal Printing Company, Publisher
Entered at the postoffice at Stevens Point, Wis., as second class mail matter.

TERMS OF SUBSCRIPTION

For weekly edition of the Gazette and Journal. In Portage county, outside the city of Stevens Point, \$2 a year; six months, \$1.25; three months, 75 cents. In the city of Stevens Point and outside Portage county, \$2.50 a year; six months, \$1.50; three months, \$1. All subscriptions payable in advance and to be stopped at expiration of term for which subscription is paid.

Our Share of the War Burden

America did not quit the war a financial gainer. In some respects there was, it is true, the appearance of a very substantial financial gain to the United States as a result of business transactions in the period between the declaration of war in August, 1914, and the signing of the armistice in November, 1918. We have on our international trade books an enormous favorable trade balance. We shipped enormous quantities of goods to foreign countries and received either cash or credit in return therefor.

We have now an accumulated favorable trade balance of some \$10,000,000,000. This is a book profit which we have not turned into cash and which we can never turn into cash. During the war the United States accumulated a national debt of some \$26,000,000,000 on which there is an annual interest charge aggregating in the neighborhood of a billion dollars. The American people must tax themselves to pay a billion dollars a year in the form of interest—an amount approximately equal to the entire expenses of the government for all purposes before the war. Not only must this enormous interest charge be met, but, through some form of taxation, there must eventually be raised a sufficient amount to pay off the principal of the debt. Presumably we shall receive from Great Britain, France and other nations, some \$10,000,000,000 owed by them to us. If this amount shall be received from them our foreign trade balance will be approximately equal to the principal of our own bonded indebtedness.

During the war the American people stated themselves in the consumption of food. They were their old clothing they desired themselves all sorts of comforts as well as luxuries and practically discontinued their normal construction program. Improvement of highways was neglected, construction of houses was deferred, the railroads were permitted to decline in maintenance of way and equipment, and the improvement of our rivers and harbors was practically abandoned. The money that would ordinarily have been spent in keeping up the normal increase in activity in these lines of enterprise was diverted to war expenditures. All this deferred work must now be undertaken by the United States at the same time that the people of the country are taxing themselves to pay off the war debt.

These are facts that are well known to the American people. Quite likely Europe has pictured the United States as a great financial gainer as a result of the war in Europe. But the United States, along with all the rest of the world, has suffered the losses incident to the destructiveness of war.

National Legislative Referendum

The American Farm Bureau federation wishes to know what position the farmers of the nation will take on a number of questions of national policy and is taking a direct means of finding out. The following questions are being submitted to every county farm bureau to be voted on by the members:

1. Do you favor commodity financing based on bonded warehouse receipts?
2. Do you favor the development of a personal rural credit system with proper safeguards?
3. Do you favor live stock financing based on proper pledge of animals and feed?
4. Do you request that authority be granted the Federal Reserve board to so classify redemptors as to give priority consideration to loans for basic production of all kinds?
5. Do you favor increasing the limit of Federal Land Bank mortgage loans from \$10,000 to \$25,000?
6. Do you favor asking congress to submit to the state a constitutional amendment prohibiting the issuance of all tax-free securities?
7. Are you in favor of continuing the excess profits tax?
8. Are you opposed to the enactment of a general sales tax?
9. Will you be able to move a materially larger amount of agricultural products if the American Farm Bureau federation secures adequate reduction in freight rates?
10. Do you favor the building of farm-to-market roads prior to or concurrently with the construction of transcontinental highways?

11. Do you favor the Great Lakes-St. Lawrence waterway for transportation and other purposes?

12. Do you favor placing the packers under supervision by government and vesting of such authority in the department of agriculture?

13. Do you favor legislation making illegal the practice of short-selling in agricultural products?

14. Do you favor truth-in-fabrics legislation?

15. Do you favor enabling legislation for cooperative marketing?

16. Do you favor other waterway development for transportation, reclamation and power at this time?

The questionnaire sent to the county farm bureaus is accompanied by a copy of the national legislative policy of the American Farm Bureau federation, as adopted by the executive committee at the Washington conference with representatives of the state farm bureau federations. County farm bureau leaders will call township and county meetings of the entire membership, lead the discussions on the policies involved, and submit the program to a referendum vote. A poll will be taken and the tally made on the official referendum sheet of the American Farm Bureau federation. The completed questionnaires are to be returned to the American Farm Bureau federation's offices by June 15.

FARM TO MARKET ROADS

The American Farm Bureau federation at its meeting in Washington April 18, 1921, adopted the following resolution:

"We earnestly approve the local building of 'farm to market' highways by the use of federal and state local funds. Until such roads are built we emphatically oppose the construction by the federal government of a few hard surface transcontinental roads. Regardless of the character of the roads which are built, an adequate amount of such funds should be provided for their maintenance and repair. We urge the administration of federal road funds should be in the hands of the United States department of agriculture."

It is difficult to understand why anybody should advocate that federal agencies should have all of the authority in determining the type, specifications and location of our roads and highways to the exclusion of the states when the federal government contributes no more than one-third of the cost of the building and nothing toward their maintenance. We believe there should be a joint supervision of the expenditures of both state and federal funds where roads are constructed from funds contributed by federal and state sources.

General Pershing, speaking from experience gained in France and the Philippines, told the senate post roads committee that money appropriated to build roads for which maintenance was not provided was money wasted. "The country road will be of tremendous value in time of war," he continued, adding "that the railroads could generally be counted on for troop movements, but that the farm-to-market roads must be relied on to obtain the needed food supplies."

Replying to questions from Senator Odell, who sought to establish that transcontinental highways should be undertaken at once as a defense measure, General Pershing said that he could see no great need for such roads in view of the existence of four great transcontinental railroad lines.

Wisconsin is not only recognized as the leading dairy state of the Union, but dairy products are its chief agricultural market commodity. It must also be borne in mind that milk and its products form a necessary, economical, and well balanced food for man and are indispensable to the health of growing children. These facts are recognized and should be more generally appreciated by the farmers themselves and the consuming public in selecting the foods for daily use. Professor E. B. Hart of the Agricultural Chemistry Department, College of Agriculture, classes milk as the one great protective food for mankind.

Several counties of the state have been conducting milk campaigns either as essay contests in the schools or as milk advertising campaigns. Such campaigns have been conducted by the County Farm Bureaus in Waukesha, Rock, and Walworth counties and by the civic organizations cooperating with the college of agriculture in the city of Madison.

We understand that the Winnebago County Farm Bureau is making arrangements for each farmer in the county to subscribe an amount equal to the value of one day's milk to a county fund to be used to advertise its dairy products. The Waukesha County Farm Bureau reports that several local merchants have come to realize that by selling dairy substitutes they are doing an injustice both to the dairy farmer and the consuming public, and in the future these merchants will not deal in such inferior imitations notwithstanding that their margin of profit for such business may appear larger, for the present at least.

MANY FORESTERS ATTEND MEETING IN WAUSAU SUNDAY

CLASS OF 180 CANDIDATES INITIATED AND EXALTED DEGREE CONFERRED—OVER 50 FROM HERE ATTEND

The largest gathering of Catholic Foresters ever assembled in central Wisconsin came to Wausau on Sunday, many of them accompanied by their wives and families, and all were joyfully entertained by members of the Wausau court. A cafeteria luncheon was served at St. Mary's school hall at noon and shortly after one o'clock the afternoon's work began with the initiation of a class of 180 candidates into regular membership followed by the conferring of the exalted degree. Of this number, five are now members of St. John's court of this city. Others have become affiliated with courts at Wausau, Wisconsin Rapids, Rib Lake, Edgar, Marathon City, Junction City, Colby and Dorchester.

The degree work was impressively exemplified by Henry Attermeier of Milwaukee, state vice chief ranger, assisted by Geo. T. O'Brien of Fond du Lac, state chief ranger, Gustave Keller of Appleton, high treasurer and W. J. Kidney of Milwaukee, a former state trustee.

At Columbia park, only a short distance from St. Mary's hall, the Wausau military band played during the afternoon, entertaining a crowd of several hundred people.

The day's doings were concluded with a literary and musical entertainment, among those delivering addresses being Messrs. Keller and O'Brien and Mr. Byrne of Chicago, a member of the high court organization department.

Stevens Point sent a delegation of more than 50 people, all going by car.

INDIAN FARMER ALERT

IN SHAWANO COUNTY SHOWS HE IS RIGHT UP TO WHITE NEIGHBOR

Indian farmers of the state are determined to rival the work of their white neighbors. The Menominees in Shawano county began their spring's work at the close of a farmers' institute, at which they determined upon certain farming practices for 1921.

Backed by E. A. Allen, federal commissioner at the reservation, A. C. Murphy county agent of Shawano county, and officials of the college of agriculture, their farming and home life problems were considered by the tribal members. Oshkosh, grandson of the namesake of the city by the same name, is one of the four Menominee Indians' agricultural agents. He is now devoting his time to improving the farming methods of his people.

Over 1,400 Indian families now live on farms in Wisconsin, according to J. F. Wojta, state leader of county agents.

POTATO FLOUR PLANT AT RAPIDS CLOSES

Lack of Supply and No Tariff Protection Given as the Reasons

The Falk American Potato corporation, which has been located at Wisconsin Rapids for the past two years, has closed down temporarily. It is possible that the concern will resume operations within the next few months or as soon as the emergency tariff goes into effect.

According to the statement of Jas. Chamberlain, manager of the plant, it is impossible at the present time for the Falk corporation to compete with the Norwegian manufacturers of potato flour. The high prices prevailing in this country make it impossible for the corporation to buy and sell as cheap as the Norwegians, who can manufacture, export and sell the goods cheaper in this country than the Falk company. If the tariff does go into effect, it will raise the price of the Norwegian flour so that the companies in the United States may undersell them and find a ready market for their products.

Another reason advanced by Mr. Chamberlain for the closing down of the plant is that the potato market in Wisconsin is not large enough for the business. About 190 cars of No. 1 grade are shipped from that city in a year, which does not leave a large enough supply of No. 2 grade to keep the plant running.

CONFERS WITH LOCHMAN

Rev. N. L. Gross, recently ordained a priest, went to Kaukauna this morning to confer with Rev. P. J. Lochman, vicar-general of the diocese of Green Bay, to be assigned to a parish in the diocese. Rev. Fr. Gross will also visit Fond du Lac and Milwaukee. At Milwaukee he will consult with his affairs at St. Francis seminary, and visit a brother, and he will also visit relatives in Fond du Lac.

FRUIT CHANCES GOOD

WISCONSIN HAS GREAT POSSIBILITIES AS A FRUIT GROWING STATE

Madison, June 7.—Spring frosts had little effect on Wisconsin's potential apple crop.

Present prospects are helping to demonstrate the splendid possibilities of Wisconsin as an apple state. F. R. Gifford, specialist in horticulture for the College of Agriculture, who has just returned from a survey of the state's fruit prospects, reports that Wisconsin has a good outlook as an apple state. "It has," he says, "the requirements for a first-class orcharding state. While western and many mid-western fruit sections must pay heavily for freight rates, we are situated right in the middle of a tremendous fruit market. On each side of the state there are large cities, to say nothing of interior cities and good means of transporting fruit out of the state."

"Parts of southern Wisconsin are very well adapted to commercial apple growing. The section from Door county down along the lake, then across the state through Grant and neighboring sections and up along the Mississippi river to Trempealeau, Buffalo, and other sections in the Chippewa valley are extremely well adapted as orcharding areas."

"A number of farmers in these areas have planted apple orchards on a commercial scale during the past few years, but many are making their home orchards a paying proposition by pruning, cultivating, and spraying them properly. Consumers in Wisconsin's markets are demanding sprayed fruit more and more, and they are right in doing so."

"Mr. Gifford finds that sentiment is crystallizing in several communities of southern Wisconsin in favor of building up the state's reputation as a fruit growing state by giving the orchards better care, growing a better product, and finally cooperating in some way to dispose of the product profitably."

DAIRY ORGANIZATIONS PLAN ANNUAL PICNICS

Jersey Breeders to Meet at Amherst Junction and Guernsey Breeders at Rosholt

Two of Portage county's dairy-men's organizations will hold annual picnics this month. The picnic of the Portage County Jersey Breeders' association will be held at the farm of E. P. Tobie at Amherst Junction on Thursday, June 16, and on June 17, in the park at Rosholt, the picnic of the Portage County Guernsey Breeders' association will be held.

At the Jersey breeders' picnic the forenoon will be occupied with sports and a judging contest by children. Mr. Tobie's fine herd of Jerseys will be on exhibition. In the afternoon there will be community singing, led by Rev. C. E. Coon, and other musical numbers, speeches by local Jersey breeders and an outside speaker. It is understood that Secretary Frank Springer has arranged for a ball game between the Almond team and an Amherst Junction organization, on the grounds at the Tobie farm. A large crowd is expected to attend and preparations are being made to make it a "big day."

Members of the Portage County Guernsey Breeders' association, their families and other farmers and dairymen of the county will be guests of the Rosholt Community Guernsey club and the Rosholt Advancement association at the picnic on June 17. Coffee and the "trimmings" will be supplied to all present free by the Advancement association and dinner will be served by a local organization to all who do not bring their own lunches. Games and a judging contest for the young people under 19 and for the older people, as well, will be carried out in the forenoon. An appropriate program has been arranged for the afternoon, with local and outside speakers. The Rosholt Guernsey club is arranging for an excellent display of high grade and pure bred Guernsey from the community and prizes will be offered by the county association and the local business men for the best cattle shown and also for winners in the judging contest.

WISCONSIN ROADS

If it is any satisfaction to the people of Wisconsin and we presume it is—we should like to go on record as saying that they ought to be commended by the residents of every state in the Union. Ours is the best system of marking its state highways and the best system of repairs.

It is true that Wisconsin has unlimited quantities of good road building material close at hand, and it is also true that California has a system of roads that excels the admiration of the world, but Wisconsin is a neighbor and has less millionaire tourists than California and is, therefore, we believe, entitled to more credit than the Golden State. It is hard to choose between them.—Pearl A. Hill, Star.

SUMMER SCHOOL OPENS JUNE 13

MANY ATTRACTIVE COURSES OFFERED FOR 14TH ANNUAL TERM AT THE STATE NORMAL

CONTINUES SIX WEEKS

SPECIAL OPPORTUNITIES OFFERED TO TEACHERS WANTING ADDITIONAL WORK

With the school year of 1920-1921 at the State Normal ended, the next activity at the institution will be the opening on June 13 of the fourteenth annual summer term which continues for six weeks or until July 22. As a special inducement to those planning to attend, attention is called to the fact that many school boards are now offering bonuses for teachers in service who attend summer schools.

The faculty of the summer term will be made up of the regular faculty and special attention of all teachers who wish to improve themselves professionally is called to the large number of educational and professional subjects to be offered this summer. Exceptional opportunity is offered to teachers who wish to renew or raise their certificates or who wish to do work counting on the qualifications for certificates under the new law.

Courses Offered

The opportunity for students of home economics, which is the special department of the institution, is unexcelled, faculty members point out. Cookery for vocational schools, and an elective course in sewing for the making of illustrative material for use in teaching will be offered. Courses will be provided suitable to the needs of high school graduates who may wish to pursue subjects leading to the completion of any of the regular Normal school courses. One important feature for this summer will be the numerous courses offered for county superintendents and supervisory teachers. A course for the training of teacher librarians for high schools is expected to attract many students.

To Teach Athletics The physical training work to be offered this summer will be the most varied the school has ever given. Gymnastics and coaching and athletics for men will be taught, also outdoor games and plays for upper grade teachers and plays and games for the primary grades and folk dancing. A course in gymnastics for women will also be offered.

The music for the coming term will be especially strong, as the regular instructor, Harold S. Dyer, will conduct the regular music classes and also the glee clubs and choruses. Profession Attractive In commenting on the summer course, President John F. Sims pointed out that the shortage of teachers continues. "The teaching profession was never so attractive," he said. "Young men and women who expect to enter a Normal school are urged to enter the summer school and thus be enabled to complete their course one term sooner. Many teachers now in service, who wish ultimately to teach in high schools, are finding our summer session a convenient means of realizing their ambition."

The special state aid of \$30 a month to service men is available during the summer session. Enroll on June 13 The enrollment for the summer term will take place Monday, June 13, from 8:30 to noon, and from 2 to 4 p. m. All students are requested to enroll on this date, if possible. Regular class work is to begin on Tuesday morning, at 7:10 a. m. The program is to be planned whereby all of the recitation work will be done in the morning, leaving the afternoon and evening for study, laboratory work, literary work and recreation and athletics.

4:30 p. m. All students are requested to enroll on this date, if possible. Regular class work is to begin on Tuesday morning, at 7:10 a. m. The program is to be planned whereby all of the recitation work will be done in the morning, leaving the afternoon and evening for study, laboratory work, literary work and recreation and athletics.

ELEVEN NEW HOMES GOING UP RAPIDLY

FIRST OF GROUP TO BE COMPLETED IN TWO WEEKS AND THE REST BY FIRST OF JULY

Work on the 11 residences under construction by the Stevens Point Housing company on North Illinois avenue is rapidly nearing completion and it is expected that the first of the houses will be finished within two weeks' time and the rest by July 1. They are being sold on the monthly payment plan with from 10 to 20 per cent down. Several of the new homes have already been spoken for.

Water, sewer and gas connections will be made by the time the houses are finished, every detail being arranged so they may be ready for occupancy as soon as completed. Each home is modern in every detail and is being constructed of the best material.

MARSHFIELD PLANNING MONUMENT TO SOLDIERS

Marshfield citizens are planning to raise a fund for a monument to be erected in one of the cemeteries in a section called "Flinders Field," where several who gave their life in the war lie buried. A. G. Fekker is chairman of the committee having the work in charge and it is intended to interest, if possible, every family in Marshfield.

CHICAGO, ILLINOIS

CLASS OF 1921 JOINS ALUMNI

HIGH SCHOOL COMMENCEMENT
EXERCISES ARE HELD AT
NORMAL AUDITORIUM
THURSDAY EVENING

SNYDER AWARDS DIPLOMAS

"HIGH SCHOOL DIVIDENDS" IS
SUBJECT OF ADDRESS TO
GRADUATES

Sixty-three young men and women, members of this year's senior class of the Stevens Point High school, were awarded diplomas at the State Normal auditorium Thursday evening by Supt. H. C. Snyder.

The commencement exercises Thursday night, carried out before an auditorium filled to its capacity by friends and relatives of the graduating young men and women, was the last event but one, in the week of high school commencement. The annual banquet of the Stevens Point High school alumni association, held Friday evening, will complete the program. A very large majority of this year's graduates attended the banquet.

"High School Dividends" was the subject of the commencement address, delivered by President C. G. Pearce of the Milwaukee State Normal school. In his talk President Pearce dwelt at length upon the value of the high school education received by the young men and women of a city to the city itself in the years to come.

In his introduction Mr. Pearce traced the growth of the educational system from the days when the education of the boys and girls was carried on in the home by the parents, and then carried his audience through its slow growth up to the present, the time of the free education afforded in the public schools. "The United States, Canada and other younger nations are the only countries that afford free secondary education to their young men and women," declared the speaker.

Defines Education
"Somebody has said," President Pearce declared, "that Education is learning to do the thing that ought to be done, as it ought to be done, when it ought to be done, whether you want to do it or not." The more high school graduates a city, county, state or nation has, the better that city, county, state or nation will be, he said, "for the high school graduates form a class of self-picked leaders. By the perseverance, courage and character they have exhibited in staying in high school for four years, these young men and women have shown themselves capable of the better kind of leadership that is needed in our public offices." In concluding his talk President Pearce congratulated the graduating class, which was seated on the stage.

Snyder Bestows Diplomas
The diplomas were awarded by Superintendent Snyder following an excellent program of musical numbers. Rev. Charles Sumner Pier made the invocation, and Rev. E. Croft Gear pronounced the benediction.

The stage was beautifully decorated for the occasion with plants and flowers.

MARSHES FLOODED TO PREVENT DAMAGE

The sudden drop in temperature experienced the latter part of last week made the flooding of the cranberry marshes throughout the territory near Wisconsin Rapids necessary. The mercury dropped as low as 22 degrees on several marshes near Cranberry but damage was averted as result of the flooding.

Cloth Upholstery.
Cloth upholstery may be best cleaned by beating curtains and backs lightly with a stick or carpet beater, after which the accumulated dust is whisked off with a brush. Grease or oil may be removed by an application of lukewarm water and mild soap, applied with a woolen cloth. There are a number of wooden cleaners which will work very well on cloth upholstery, but gasoline and benzine have a tendency to spread instead of to remove dirt.

Great Minds Linked With Geneva.
Geneva and its lake early became the mecca of leaders in science and literature. Voltaire, Moliere, de Stael, Georges Sand, Dumas, Daudet and Byron, Gibbon, Dickens, Muskin, Frances Havergal, Gismondi, De Bunsure, Amiel—a veritable parade of illustrious poets, novelists, essayists, philosophers and scientists—have linked their names forever with that fair city and its environs.

Cardinal Principle of Conversation.
You become a good conversationalist the moment you halt your own talk of you and start listening closely to the other fellow's.—St. Joseph Gazette.

SOCIETY AND WOMEN'S NEWS

Ritchay-Welch

A pretty wedding took place at St. Mary's church at Custer Wednesday morning at 9 o'clock when Miss Bessie Welch became the bride of Raymond Ritchay, Rev. L. M. Schorn officiating. A vocal solo was rendered by Miss Theresebelle and Henry Welch, cousins of the bride, at the close of the ceremony.

The couple were attended by Miss Naomi Ritchay, sister of the groom, and Ben Welch brother of the bride. The bride wore a beautiful white satin gown and a tulle veil and carried a shower bouquet of roses. The bridesmaid wore a gown of salmon organdie with a picture hat to match and carried a picture hat to match and carried pink roses.

Mrs. Ritchay is a graduate of the State Normal school of this city and taught at Ellis up to the time of her wedding. Mr. Ritchay is a graduate of the McKeon auto school of Chicago and the Globe Business college of St. Paul. He is employed in highway work in Portage county.

Following the wedding ceremony a dinner was served to relatives and friends at the home of the bride's parents, Mr. and Mrs. Tim Welch at Custer, the guests numbering 400. The bride and groom left on a mid-night train for St. Paul on a short honeymoon trip, and will be at home after June 15 at 719 Center avenue.

Out of town guests at the wedding were Mr. and Mrs. A. L. Ritchay of Mellen, parents of the groom, and Mr. and Mrs. S. J. McKee of Ironwood, Mich., Mrs. McKee being a sister of the groom, all making the trip by motor. They also came to attend the graduation exercises at the State Normal on Thursday morning, Miss Naomi Ritchay, the bridesmaid at the wedding, being a member of the graduation class.

Diver-Rath

At the home of the bride's parents, Mr. and Mrs. David Rath in Almond on Wednesday, June 1st, 1921 at 11 o'clock occurred the marriage of their youngest daughter Cora to Roy S. Diver, son of Mr. and Mrs. Joe Diver of Nelsonville, Rev. J. J. Moor performing the ceremony in the presence of 35 relatives and friends of the contracting parties.

Miss Eva Clark was bridesmaid and Henry Lienhard best man.

After the ceremony and congratulations the guests repaired to the dining room where a bountiful wedding repast was served.

The bride is a graduate of the local high school and for the past two years was a partner in the Princess restaurant. The groom is an ex-service man. He is a telephone lineman and previous to his enlistment and since his return from overseas has been employed by the Almond Telephone company.

The happy couple left during the afternoon mid a shower of rice and old shoes for Waupaca, where they are spending a few days at a cottage and from there they will go to Valders, to the home of Mr. and Mrs. W. J. Brigham, Mrs. Diver's sister.

Upon their return they will be at home in the north flat over the Boelter lunch room.

Those from away who were here for the wedding were Mrs. J. Diver, Mr. and Mrs. Dewey Diver, Chas. and John Diver of Nelsonville, Mrs. Sarah Diver and Mrs. Bechel of Stevens Point, Mrs. Peterson of Amherst, Mr. and Mrs. Wesley of Nelsonville and Miss Ada Gustin of Plainfield.—Almond Press.

Ciecholinski-Wysocki

Miss Grace Wysocki, daughter of Mr. and Mrs. John Wysocki, 215 Phillips street, became the bride of Leonard Ciecholinski, son of Mr. and Mrs. Joseph Ciecholinski, 300 Portage street on May 31. The ceremony was performed at 8 o'clock at St. Stanislaus' Catholic church, Rev. A. Malinowski officiating. The double ring service was used.

The bride wore a gown of white georgette and a hand embroidered veil and carried a shower bouquet of white roses. The bridesmaid, Miss Emma Ciecholinski, a sister of the groom, wore pink georgette with a picture hat to match and carried a bouquet of pink roses. Leonard Frymark was groomsmen.

A wedding dinner and supper were served at the Ciecholinski home on Tuesday to members of 25 families. The dining room was decorated in a color scheme of white, imitation bulbs and streamers of white crepe paper being used.

Mr. and Mrs. Ciecholinski left by car on a trip to Milwaukee, Chicago, Great Lakes and other points. They will be gone about a week and upon their return to Stevens Point will reside temporarily with the groom's parents. The bride has been employed until recently in the dental parlors of Dr. W. P. Muller. She is a graduate of St. Peter's parochial school here and later attended the Normal. The groom, who also finished St. Peter's school and later attended the Normal, is proprietor of the Public garage at 244 North Second street.

Gladstok-Jauch

Miss Marie Josephine Gladstok, daughter of Mr. and Mrs. Michael Gladstok, of Amherst Junction, and William Jauch were united in marri-

age at Chippewa Falls, on June 1, at St. Charles church at 8:00 a. m. by Rev. John L. Kaiser. Miss Anna Gladstok, a sister of the bride, and Myron A. Newman of Stevens Point were bridesmaid and best man.

Following the marriage dinner was served at the home of the bride's sister, Mrs. Frank Gladstok, 538 Spruce street. The bride was attired in a traveling suit of blue tricotine and wore a picture hat to match. She wore a corsage of sweet peas and rose buds. The bridesmaid was also attired in a blue tricotine traveling suit.

The bride has spent most of her life at home with her parents at Amherst Junction. Mr. Jauch is employed in the superintendent's office at the Soo line.

Mr. and Mrs. Jauch left for an extended trip to Chicago, Milwaukee, and other points and upon their return will make their home with Mr. Jauch's mother at 318 Fremont street.

Starbird-Dorney

The Stevens Point friends and former acquaintances of John A. Dorney, son of the late Mr. and Mrs. Dennis Dorney, who resided in this city a few years ago, will be pleased to hear of his marriage on May 25 at Evanston, Ill., to Miss Abigail A. Starbird of South Paris, Maine.

The groom is a student of the Stevens Point High school, class of 1906, and also a graduate of the University of Wisconsin, where he received his bachelor of arts degree in 1911. While at the State university he was prominent in debating and oratorical circles. He received his bachelor and master of laws degrees at Georgetown university, school of law, located at Washington, D. C., in which city he was connected for four years with the government in the capacity of assistant chief of the division of documents library of congress. For the past few years he has engaged in the practice of law in Chicago, but only recently has returned to the state of his boyhood, and is now practicing law in Milwaukee with offices in the Majestic building.

The bride is the daughter of Mr. and Mrs. Winfield Scott Starbird of South Paris, Maine, and has lived in Washington for several years where she made the acquaintance of the groom. Miss Sadie Dorney, sister of the groom, was maid of honor, and Edwin E. Witte, secretary of the state industrial commission of Madison, was best man. The wedding took place at the home of Dr. and Mrs. J. P. Sprague of Evanston, Rev. Arthur Rogers of St. Mark's Episcopal church, Evanston, officiating.

Barker-Mehne

A wedding of interest to Almond people was solemnized at Chicago on Thursday, May 26, when Miss Lena Mehne of Weslaco, Texas was united in marriage to Duncan Barker of Plainfield.

The bride is a daughter of Jacob Mehne, Sr., and grew to womanhood on the Mehne farm in the town of Almond. For a number of years prior to last fall she was engaged in teaching in the rural schools of this vicinity and in the capacity of teacher she met with splendid success. Last fall she and Miss Mary Lovely went to Weslaco, Texas, where they had purchased land and expected to make that their future home.

The groom is a son of Dewight Barker and for a number of years past has been numbered among the industrious young farmers of Pine Grove township.

After a short wedding trip they will be at home to their friends on the groom's farm in Pine Grove.—Almond Press.

Local Girl a Bride

Miss Agnes Shepreaux, daughter of Paul Shepreaux of this city, and

Leslie Carney of New Hampton, Iowa, were united in marriage at 88. Peter and Paul church at Wisconsin Rapids on Monday morning of this week. They were attended by Mr. and Mrs. Peter Peterson of Wisconsin Rapids.

The bride wore a dark blue taffeta gown and carried an arm bouquet of sweet peas.

Following the ceremony, a wedding breakfast was served at the home of the bride's sister, Mrs. John Peterson, 526 Lee street, Wisconsin Rapids. The bride has been making her home in that city for the past few years and is well and favorably known there. Mr. Carney is employed by a tractor company at New Hampton, Ia., where they will reside.

Wedding Anniversary

An informal family gathering was held at the R. W. Morse home over the week-end in honor of the wedding anniversary of Mr. and Mrs. Frank Schmeling of Wausau, the latter a sister of Mrs. Morse. Other guests were Billy, son of Mr. and Mrs. Schmeling, Dr. and Mrs. M. M. Bartley and daughter Barbara, of Columbus, Wis., Mrs. Bailey being a sister of Mr. Morse, Miss Margaret Dickie of Topeka, Kas., a niece, Frank Stahl of Wisconsin Rapids, father of Mrs. Morse and Mr. and Mrs. M. C. Whitlock and son Robert of Wisconsin Rapids. Mrs. Whitlock is a sister of Mrs. Morse. The gathering was also in celebration of the birthday of Mr. Whitlock.

Marriage Licenses

Marriage licenses have been applied for by the following at the court house:

John Keeley, Cincinnati, O., and Martha Lienhard, Almond; John D. Miller, Stevens Point, and Clara H. Linder, Mosinee; Michael Kabat, Stevens Point, and Frances Knaus, Stevens Point; Abel A. Compagn, Hull, N. Dak., and Mabel Brekke, Almond; Felix Plasky, Stevens Point, and Gusta Green, Stevens Point; August Hoge, Stevens Point, and Bertha Foerster, Stevens Point.

August Hoge, one of the applicants, is 52 years of age and his bride-to-be, 57. Mr. Hoge is a divorcee and Mrs. Foerster a widow.

Carl Ekelein, Amherst, and Mabel Elizabeth Brooks, Plover; Stanley Prodzinski, Stevens Point, and Clara Winkler, Stevens Point.

Progress Club Banquets

The annual banquet of the Progress club was held at the home of Mrs. E. T. Smith on Division street Thursday evening and was attended by 15 active and eight honorary members. A business meeting was held at 5:30 o'clock, followed by a banquet of four courses at 8:30. Tables were prettily decorated in green and white, the club colors, which were carried out with place cards and flowers.

At the close of the meal a number of talks were given by honorary members and letters read from several out of the city who were unable to be present. Others sent flowers and bonbons. Mrs. George E. Nelson, the club president, presided. Among those called upon was Mrs. Mary D. Bradford of Kenosha, formerly of this city and at one time president of the club, who responded with a most interesting talk. Mrs. Bradford, who came here to attend Thursday evening's affair, is a guest of Mrs. G. E. Culver while in the city.

A Notable Social Event

A notable event in local social circles took place Friday evening at Nelson hall and in the auditorium of the State Normal school.

In response to invitations extended by Messrs. and Mesdames Alexander Krenbs, Anton Krenbs, C. S. Orthman, O. W. Neale and F. N. Spindler, a company of more than two hundred

men and women assembled at Nelson hall at eight o'clock. After passing the receiving line, the guests moved on into the large reception room of the dormitory, where an informal hour was spent.

From Nelson hall, at 9 o'clock, the center of activity was transferred to the Normal auditorium, where a program of musical numbers, readings and dances was carried out. The first number was an interpretative dance by little Misses Grail Herrick and Louise Mann, students at the Normal under Miss Mary Bronson, with accompaniment by Mrs. C. C. Evans. The little dancers, appropriately attired, performed with grace and charm and were recalled by their enthusiastic audience. Joseph Smith Russell, tenor, sang a group of songs, with Miss Hedwig Hein as accompanist, and was encored repeatedly. Mr. Russell possesses a wonderfully clear, rich voice and has the faculty of singing with rare depth of feeling and of awakening in his audience varying shades of emotion. His artistry was at its best in his series of songs Friday evening, ranging from folk songs to grand opera. Mrs. C. F. Watson, with whose talents as a reader many local residents are familiar, gave a selection by Mary Shipman Andrews and also responded to an encore. Mrs. Watson appeared to splendid advantage and her numbers were bright features of a most meritorious program.

Following the program in the auditorium, the guests returned to Nelson hall, where a delicious lunch was served in the dining hall, by a group of twenty girls. At 11:30 the guests departed, with memories of a most pleasant evening.

Miss Hanley Entertained

Members of Miss Mary Hanley's class in home nursing at the Vocational school entertained at an informal party in her honor at the home of Mr. and Mrs. R. P. Steckel, 104 Portage street Monday evening. The party was given in appreciation of the work of Miss Hanley in teaching the class. She was presented with a silver trophy by the class members. Miss Hanley is Red Cross nurse for Portage county.

ATTEND STATE ASSEMBLY

Three Local Women go to Milwaukee for Meeting of Lodges

Mrs. W. B. Hackney and Miss Gustie Smith are at Milwaukee attending the state assembly of Rebekahs as delegates of Barabara Rebekah Lodge No. 9 of this city. Mrs. C. J. Green is also attending the meeting, but not as a delegate.

The assembly continues until Thursday noon. From Milwaukee Mrs. Green intends to go to Hartford, to visit at the home of her daughter, Mrs. R. J. Linther, for the remainder of the week. Mrs. Hackney will go to Kenosha for a few days' visit with her brother, Ray Myers.

BREWER IS STILL FREE

GRANTED A SHORT STAY

Chicago, June 7.—The United States district court of appeals has granted a stay of execution until next Monday to Herbert C. LaBahn, Port Washington (Wis.) brewer, charged with violation of the prohibition law. He is under sentence to the house of correction for 10 months.

SPRAINS HER ANKLE

Miss Lulu Abb, 636 Strong's avenue, sprained her ankle at the lakes at Waupaca Sunday afternoon and will be laid up for a week. Miss Abb was walking down an embankment near one of the lakes when she turned her ankle.

KINGSBURY HEADS MOOSE CLUBHOUSE

SEVEN DIRECTORS ELECTED AND
SUBSCRIBERS ARE ASKED
TO MAKE PAYMENTS

At a meeting of the stockholders in the Portage County club, under which the Moose have organized their clubhouse proposition, these directors were elected: W. E. Kingsbury, J. R. Paffner, E. Viertel, A. E. Redfield, William Miller, M. J. Mersch, W. E. Tschert.

The directors elected the following officers: President, W. E. Kingsbury. Vice-president, A. E. Redfield. Secretary, William Miller. Treasurer, E. Viertel. Treasurer Viertel requests that all subscribers to stock make payments promptly. As soon as the money is in construction will begin.

OUTAGAMIE COUNTY BOARD WOULD REDUCE TEACHERS

A meeting of the boards of the school districts of Outagamie county is to be held at Appleton within the next ten days for the purpose of reducing the minimum wage of teachers from \$90 to \$75.

The calling of the meeting originated with members of the county board who caused a letter to be sent to practically all of the school clerks.

J. W. Hensel, R. F. D. No. 2, offers at \$20.00, a registered pure bred, short horn heifer (pure white color) born May 25, 1921.

UNIVERSAL PRODUCTS

The Standardized Electric Light and Power Plant

Do You Know a Universal Products Light and Power Plant Will Greatly Increase the Yield of Your Stock?

This Alone Will Pay the Cost of Plant; While the Saving of Man-Power in Churning, Pumping Water and Hundreds of Other Irksome Tasks Means a Clear Profit 365 Days in the Year

The farmer or dairyman whose barns are supplied by Universal Products Light and Power gets a bigger yield of milk because the milking is done under ideal conditions.

By merely snapping a button he has abundant electric light. And by turning the cooling breeze of an electric fan on the cows being milked, he drives away flies and thus enables the stock to stand patiently.

Under this treatment cows are contented and contented. And by comparative test it has been proved time and again that with

these ideal conditions, the same cattle will give more milk.

Universal Light and Power aids dairymen, farmers and poultry raisers. It supplies a more even warmth to incubators—it increases the yield of milk—it churns more butter and pumps a greater supply of water than is possible by any other means.

May we demonstrate some of these advantages to you? Come in and tell us your particular needs and let us show you how a Universal Products Light and Power plant will increase your production and quickly pay its own cost.

JERSEY PICNIC

The Portage County Jersey Breeders' Association

will hold their annual picnic at the E. P. Tobie farm grove, located a quarter mile east of Amherst Junction on Federal Road No. 18 on

Thursday, June 16

Everyone welcome to join with us on this day, and we will try to make it pleasant as well as profitable for all.

Try and come to look over our herd of test cows, whether you are a Jersey Breeder or not.

There will be amusements for old and young, speaking, singing, judging contest for girls and boys under 18 years. Also a contest for women and men over 18 years.

A base ball game in the afternoon, also other games.

Bring your baskets of lunch and stay all day.

Coffee, Jersey cream and sugar will be furnished.

HENRY AIGIN BADLY HURT IN SMASHUP

LOCAL PAINTER THROWN 50 FEET
WHEN TRUCK UPSETS NEAR
STOCKTON, CRUSHING
SKULL ABOVE
ONE EYE

OTHER OCCUPANTS IN LUCKY ESCAPE

CAR TURNS TURTLE THREE TIMES
AS IT CRASHES TO BOT-
TOM OF EMBANK-
MENT

Henry Aigin, aged 24, a local painter and single, lies in St. Michael's hospital in this city in a critical condition, his skull crushed in above the left eye, as the result of an automobile accident on Highway No. 18 east of Stockton at 12:30 o'clock Sunday afternoon.

A Ford truck in which Aigin and two other young men were seated turned turtle three times when an attempt was made to pass another machine, finally coming to a stop at the bottom of a small embankment. Aigin was thrown from the cab of the car on its first circuit through the air, striking the ground 20 feet away.

Driver Stays at Wheel
The machine was being driven by Jack Fox, 223 Normal avenue, also a local painter. Fox remained at the wheel until just before the car made its final revolution but was thrown out before it came to a stop. He was rendered unconscious for 10 minutes and suffered a bad cut on one lip which required several stitches, and was otherwise bruised. Forest Larson of Wausau, a Normal student, who was the third occupant, jumped to safety just as the machine left the road, and escaped injuries. Larson was seated on the right, Aigin in the center and Fox on the left.

Enroute to Wausau
The three young men were driving east on Road 18 enroute to Wausau. They had planned to spend the day fishing at the Chain O' Lakes. The car was loaned to them for the occasion by Dodge & Perkins, local paint contractors by whom Aigin and Fox have been employed. Reaching a point seven and one-half miles east of the city known as Hunter's corner, the driver turned to the left in an attempt to pass another car being driven in the same direction. The identity of the driver of the other car could not be learned today.

Skids and Upsets
The left hand wheels of the truck struck the slope on the embankment and Fox applied the brakes. This caused the wheels to skid, upsetting the machine which then turned over and over as it crashed down the embankment. The cab and one wheel were demolished, windshield broken, radiator dented in, fenders twisted and tires and other parts of the car damaged. It was facing back toward the west when it finally came to a stop.

Will Lose One Eye
Aigin was rushed to the local hospital in a taxicab and an operation was performed Sunday afternoon. A half dozen pieces of bone in his skull which were broken and pressing against the brain were removed. It was also found necessary to remove the bone above the eye. This will result in the loss of the eye. If the injured man recovers it will be necessary to perform another operation for the removal of the member.

Mr. Aigin formerly lived in Wausau, coming to Stevens Point to work last August. His only surviving relative is a sister residing at Wausau who is a school teacher at Manitowish. She was at Wisconsin Rapids on Sunday and was called here to her brother's bedside. Mr. Aigin has been a roomer at the Bruce hotel.

Five Doctors Called
Five physicians attended the injured man at the hospital on Sunday. While his condition remained grave today hope was entertained for recovery. He regained consciousness at 5 o'clock this morning, speaking a few words at that time. At 10 o'clock this morning he recognized his sister.

Track Top Heavy
According to Fox and Larson, the former was not driving fast at the time. The trio left Stevens Point at about 11 o'clock Sunday morning, reaching the place where the accident occurred at 12:30 o'clock. Fox is a mechanic and a driver of experience. Gene Dodge, a member of the firm which owns the truck, said the machine was top-heavy. Larson, who accompanied the other two men in the party, went on to Wausau Sunday. He expects to remain there and be employed during the summer months. Fox will be able to resume work Tuesday.

Man Really Worth While.
Any coward can fight a battle who is sure of winning, but the man who is sure of losing is selected.

Spurned By Girl Wausau Man Tries To End His Life

Wisconsin Rapids, Wis., June 6.—Michael Josik of Wausau, 32, spurned here Sunday by his sweetheart, Miss Rose Kletine, aged 17, attempted to end his life by taking iodine. He was taken into custody by authorities and is recovering at the Wood county jail.

The scene which nearly had a tragic ending occurred at the Peter Kletine home here Sunday evening. It is alleged that Josik was intoxicated when he called on Miss Kletine. She rebuked him for this and a quarrel ensued. The man threatened to take his life, and demanded poison from the family, it is said. This was denied and he rushed to a medicine cabinet, seizing and drinking the contents of a bottle of iodine.

Physicians were called and after attending the man he was turned over to authorities, who placed him in jail. His condition is not serious.

INDIAN POW-WOW IS BEING PLANNED

SIX TRIBES TO SEND DELEGATIONS TO WISCONSIN RAPIDS IN MONTH OF AUGUST

After negotiating with the leading members of the Winnebago tribe since last summer, the Wisconsin Rapids Chamber of Commerce has announced that a big Indian celebration, an old time Indian friendship dance or pow-wow, will be held in this city on August 11, 12, 13, and 14.

The Winnebagoes, according to custom, will be the hosts, and have sent word out in the usual Indian manner to six tribes which are to participate. The Chamber of Commerce has secured the use of a 42 acre track of land near the city for the affair. There will be hundreds of Indian ponies and dogs and the native people are to live in wigwags during their stay in the neighboring city. All Indians participating in the pow-wow will wear the native costume.

Among the sports planned are Indian pony races, the moccasin game, Indian war dance, green corn dance, swan, fish and friendship dances and other attractions. The old method of making war on the whites will be staged in all its native costume and regalia.

VIADUCT IS PROPOSED AT WISCONSIN RAPIDS

The Wisconsin railroad commission has set June 17 as the time for a hearing on a petition filed at Wisconsin Rapids to safeguard the Second avenue crossing at the intersection of the Northwestern railroad, the street railway and Second avenue. F. F. Mengel, division engineer, has estimated the cost of building a viaduct and lowering the roadbed at \$22,000. The city desires to have the cost shared equally by Wisconsin Rapids, the railroad company and the street railway company.

STATE BANK OF ROSHOLT TO HAVE MODERN HOME

Progressive Portage County Institution to Discard Old Quarters for Handsome New Structure

Construction work has been started on a modern new bank building at Rosholt to be occupied by the State Bank of Wisconsin. The building will cost approximately \$10,000 and will be a modern addition to the business district of the city.

The contract for building and equipping the new building was let to the A. Norman & Co. of St. Paul, specialists in bank structures. This is the concern which erected the Citizens National Bank building in Stevens Point, Jan. 10, 1919, who was a large factor in the construction of the new building. It is expected that the work will be completed by December.

The old bank building has been moved off to one side of the street and the new building will be built on the old site. The dimensions of the new building will be 36x74 and it will be a two-story red brick building with Bedford stone trimmings. The main part of the building will be one story high with 16 foot ceilings, but the rear part will be of two stories, with a community room on the second floor, 16x36 feet in size. There will also be a full basement, with stairs leading plant.

The first of the new building will present a public effect with a dignified scheme. Inside the main entrance will be a vestibule with a directors' room on one side and a private office for the president on the other side. The lobby will be large and like all the other rooms well lighted. There will be four washers. The vault will extend from the basement up through the second story, giving ample facilities for the safe storage of valuables and papers.

The State Bank of Rosholt was opened for business on February 1, 1904, with the following officers and directors: J. C. Rosholt, president; Jens Rosholt, vice president; and C. L. Rosholt, cashier. The same officers and directors are serving in the same capacities today and to their progressive management of the institution is due the credit for the steady growth of the business. The bank has a capital of \$20,000 and deposits of \$200,000. Nordahl Olson is the assistant cashier.

HUTTON SUSTAINED IN BANCROFT FIGHT

ANTI-SALOON LEAGUE AGAIN IN-
DORES MATHESON BILL VE-
TOED BY GOVERNOR

Milwaukee, June 6.—The annual meeting of the trustees of the Wisconsin Anti-Saloon league, held at the Y. M. C. A., Milwaukee, May 31, authorized publication of the following official action:

"That we approve the plan of State Superintendent R. P. Hutton for raising, rallying and organizing the public to demand and support law enforcement, and we commend him for his wise and able leadership of the temperance forces in these especially trying days, the partial results of which are not only indicated by the passage of the Matheson bill, but also in his arrest by a prominent judge for alleged violation of the corrupt practices act, which we believe will be of more value to our cause than any other attack of the enemy in recent days; and we hereby pledge to Mr. Hutton that we will heartily support him during his trial in our prayers and as far as possible by our presence."

"That we pledge to the state prohibition commissioner our sincere cooperation in organizing the forces of the state to assist and stand by him in the difficult task to which he has been appointed."

"That we endorse the efforts toward clean-up of vice and illicit liquor selling made by the Milwaukee Federation of Church Women, and regret the attack made upon them, believing it does not represent the majority sentiment of Milwaukee business men."

"That we express to our state legislators whose unselfish fight passed the Matheson bill the sincere thanks of all the friends of law, order and decency throughout the state."

"That we commend the efforts of the mayor of Milwaukee, Daniel W. Hoan to clean up the city police force and make it more efficient."

"That our thanks are especially given to the men and women whose service on the headquarters committee is so largely responsible for the success of the dry cause in this state."

"That the personal work and financial support of the more than 30,000 public spirited citizens on the mailing lists of the league are the foundation of all our success, and that therefore we especially congratulate and thank them."

J. T. Phillips, Chairman, Green Bay, Wis.; Mrs. W. A. Lawson, Milwaukee, Wis.; Rev. J. W. Arliah, Madison, Wis., Resolutions Committee."

TANK SUPPOSED EMPTY EXPLODES, HURTING MAN

Sherman Salverson of Wausau was painfully burned and bruised when a gasoline tank he was soldering with a blow torch exploded. Realizing the danger, he had previously washed out the can thoroughly with water, but even with that precaution, enough gasoline remained to cause him, when it exploded, serious burns on the face, neck and chest.

ROSE PLEADS GUILTY FORMER MARSHFIELD MER- CHANT PAYS FINE FOR AT- TACK ON GIRL

Leo Rose, former Marshfield storekeeper, accused of committing an assault upon a young lady employee, appeared before Judge B. B. Park in circuit court Saturday, pleaded guilty to the charge and paid a fine of \$50 and costs.

The offense charged against Rose was committed, the complaint alleged, on April 14. Miss Arvilla Eckes of Marshfield was the complaining witness. It is rumored that prior to the criminal proceedings against him, Rose made a cash settlement with the girl for \$500.

As a result of the disclosure made, Rose recently sold his store, one of the largest in Marshfield.

MOUNTAIN RANGES COLLAPSE IN QUAKE

SCORES OF CHINESE VILLAGES
AND TOWNS BURIED AND
THOUSANDS ARE
KILLED

By CHARLES EDWARD HOGUE
(United Press Staff Correspondent.)

Shanghai (By Mail).—Whole mountain ranges collapsed and buried scores of villages and towns under a sea of loose soil, when Kansu province was stricken by a series of earthquakes that began on December 16 and continued for more than a month. This is the word brought to Shanghai by H. D. Hayes and J. W. Hall, investigators for the United International Famine Relief society. They have just completed a survey of the devastated area.

No accurate estimate is made as to the number of lives lost but it is known that more than 200,000 were killed. The province has been so badly depopulated that it is likely that artisans will be imported from neighboring states to aid in the work of rehabilitation.

Landslides have blocked many of the mountain streams and a fresh danger menaces the survivors of the earthquakes. The dammed streams are backing up in the gorges and forming huge lakes. Seepage has already begun at various places and the loose earth threatens to go out at any time. In scores of instances the breaking of such a dam would mean the inundation of a valley and the death of the inhabitants, besides the probable starting of further landslides.

DISINFECTED SEED NEEDED FOR SPUDS

NOW IS TIME TO DETERMINE
VALUE OF THE 1921 PO-
TATO CROP IN THE
STATE

Madison, Wis., June 7.—Much of the value of Wisconsin's 1921 spud crop is being determined.

Thousands of dollars are being saved to the state by having seed potatoes disinfected and planted in disease-free soil, according to R. E. Vaughan, plant pathologist at the college of agriculture. Mr. Vaughan recently visited and investigated the states' leading potato growing sections.

"Farmers have found that seed soaked in a solution of four ounces of corrosive sublimate to 30 gallons of water for an hour and a half will check the destructive scab and black scurf," says Mr. Vaughan. Officials of the agricultural experiment station have found this poison more effective than formaldehyde. They are urging farmers whose potatoes have started to sprout very much to reduce the time of treatment to half an hour. This decreases the danger of injury. Treated potatoes ordinarily are not planted for a week or so after treating.

Scab was prevalent in many parts of the state last year, especially in the northwestern sections, and it is reasonable to believe that much of this year's seed is infected. The disinfection, according to the specialists, will prevent infection if the seed is planted on soil that grew infected stock the preceding year or on soil that has just been burned over. Rotation of crops accompanies the treatment wherever really good results are obtained. Selection of seed as free as possible from the scabby pits and blotches will also help to check these diseases.

Much of the increased reputation of Wisconsin as a source of high class seed potatoes is due to the efforts of potato growers who are keeping their fields free from disease," declares Mr. Vaughan. "Tests recently made show that the old formaldehyde treatment has little effect on black scurf, and while it decreases the amount of scab it is not as effective as is corrosive sublimate. Seventy per cent of seed potatoes treated were freed from scab, while untreated seed was just 2.5 per cent free from disease."

CLOVER SCARCE AGAIN THIS YEAR

DAIRY INTERESTS IN MANY SEC-
TIONS HARD HIT BY FAIL-
URE OF MAY

With the exception of a few favored sections, Portage county farmers are facing another season with very little prospect of clover or mixed hay. Grasshoppers, and drought last summer and freezing and thawing this spring ruined what started as a fine stand of clover on many farms a year ago.

Legumes are the foundation of fertility in American farming and clover has been the main reliance both in building up the soil and in feeding dairy cattle. No other class of plants can secure nitrogen from the air and no other hay has protein enough for a good milk ration. Many farmers this year have planted field peas and soy beans as substitutes for ruined clover this spring. Others are planning to buy clover or alfalfa hay this fall.

Baying Hay
County Agent W. W. Clark, in commenting on the situation, advised against planning to buy hay this fall. He said: "Freight rates are now so high that it will be impossible to buy alfalfa hay at much less than \$25 a ton laid down in Portage county, if the grower gets anything at all. If we have a good season, clover hay can perhaps be shipped in for less, but quality cannot be guaranteed. Moreover, at present prices of dairy products a farmer must have extra good cows if he can make money buying hay."

"To meet this emergency we have a crop which it is not too late to plant, which will yield a high protein hay worth as much or more than alfalfa and which will improve the land. I refer to soy beans, which have been well tried out in Portage county. Any farmer who has no clover should not fail to put in a good acreage for hay this year."

Use Northern Seed
"For planting now, I recommend Early Blacks, which can be bought for around \$4 a bushel. They can be planted up to July 1st and still make a good hay. If allowed to grow until beans are forming in the pods, then cut and cured in cocks, they make a feed which cattle prefer to everything else."

"Many farmers are drilling beans at the rate of about a bushel to the acre, letting every spout run. If possible, they use a weeder a few times until the beans cover the ground, when they require no more care until time to cut."

TO COW. No man can afford to feed timothy hay to milk cows. It has about as much feeding value for milk production as well cured corn stalks.

FROST DOES DAMAGE TO GROWING CROPS

Portage county experienced a frost Friday night. Although it is not believed that heavy damage was done, garden truck, corn and soy beans in some small areas, apparently where protected from the wind, were affected.

EQUITY PICNIC

It is announced by L. H. Redmann, county president, that the Equity picnic for Wausau county will be held at Symco June 16 at 10 a. m.

Thoughts of the Plowman

Before the fire, on a winter's night, is the time when the inventory of the past year's work shows the farmer what he should do next year.

And as thousands of farmers sit at their fires and plan, some are grimly dreading the spring plowing and sowing they must do with soft, fretty, slow horses. And some are smiling as they picture the tireless Fordson pulling its sturdy companion, the Oliver Plow.

What is the condition that you face this Spring?

There are special Oliver Plows for use with the Fordson in any kind of soil.

G. A. GULLIKSON COMPANY
Dealers
Stevens Point Rosholt

Wisconsin Holstein Champions

Prospect Johanna Posch 33115 Jr. 4 year old
Owned by W. J. Braatz, Maple Grove
Stock Farm, Brandon, Wis.
365 day lact completed Oct. 20, 1920;
Production 2344.56 pounds milk
954 pounds butter
Milked by Pine Tree Milker.

Here's the milker that helped Braatz break Wis. state record

I TELL you, I'm proud of that record. I'm proud to be selling the machine that is milking many of the finest cows of this country.

I think this milking test cows is the greatest proof of a milking machine imaginable. Mr. Braatz milked his test cows 4 times a day for 365 days with the Pine Tree. No mechanical troubles—no delayed milkings—and his cows produce better than they ever did before. Prospect Johanna Posch passed the old State record by over 1500 pounds.

Mr. Braatz has been breeding and testing high producing cows for years, and after this test he says: "I never could have done it by hand milking."

Yes, milking test cows is like the race track test of an automobile. It brings out the weak points if the machine has any. You don't buy a car for racing, but you want one that has had its reliability proved in this sure way.

Maybe you aren't testing pure-bred cows. But you know that a milker that can make records for the biggest breeders will make bigger milk checks for you.

Don't Buy Any Milker Till You See the Pine Tree

Of course you are going to buy some kind of a milker. It's just a waste of money to sit and pull teeth these days. The big thing for you to decide is, which one?

I tell you that if you choose your machine by the record of what it is doing for others, you have got to choose the same one I did—the Pine Tree.

Come in and talk it over. Or phone me to come out and figure with you. Let's get together on this important matter.

Breitenstein-Tozier Co.

PINE TREE MILKERS

HARDWARE MEN GET TOGETHER

GROUP MEETING IN STEVENS
POINT FRIDAY EVENING
PROVES A SUCCESS-
FUL AFFAIR

PROGRAM AFTER BANQUET

SUBJECTS OF PECULIAR INTER-
EST TO TRADE ARE
DISCUSSED

A large representation of the hardware men of central Wisconsin assembled Friday evening at the library club rooms for a banquet and group meeting. Every town of consequence in four counties was represented by one or more merchants.

The entertainment feature during the banquet hour was in charge of the employees of the Hardware Mutual Fire and Casualty companies. The crowd was kept in continual good humor by the stories and jests of such lively entertainers as Karl Pfiffner and Roy D. Austin. Community singing was an added feature, and if you think that hardware men can't sing, just attend one of the group meetings of the association.

At the close of the banquet, a business session took place. Henry F. Krueger of Neenah, who was introduced as young in spirit and old in association activities, and incidentally one of the best posted hardware retailers in Wisconsin, responded with a most convincing talk on markets and prices. Mr. Krueger's examples of prices, both retail and wholesale, wholly exonerated the retailer, who is being blamed by the consumer for holding up the price deflation. He emphasized the necessity of cooperative action to bring the jobber and manufacturers to the point of bearing their share of the burden in the liquidation of all commodities in the hardware line.

E. C. Taylor of St. Paul addressed the gathering on "Selling Furnaces at Retail." The feature of his talk was the value of building up a business on quality lines of merchandise. Numerous selling schemes were outlined and the dealer urged to make the most of the dull seasons in canvassing for new business.

Message of Optimism
Capt. John W. Gorby, director of research of the Cyclone Fence company of Waukegan, Ill., a convention speaker of 15 years experience, talked interestingly and most forcefully. Mr. Gorby addressed the annual convention in Milwaukee this year and also appeared in several group meetings in the southwestern part of the state. He is an optimist, from choice, and his optimism is well founded. Back of every statement he makes lie facts proving that his undying faith in the resources of our country and the ability of the American business man to successfully meet depressions such as we are experiencing and "come through" with added zest and increased capacity for greater and better business, is well founded.

Speaking of the value of certain principles as applied to the hardware business, Capt. Gorby said, "Build your business on the square deal. Sell your word service as applied to your business with a capital 'S.' Lose a sale, but do not lose the confidence of the customer. Develop a higher degree of selling service. Leave your customers pleased after you have sold them."

Questions Are Answered

A series of thirty questions were read and answered by Mr. Gorby, covering financial, agricultural and commercial topics. The answers were condensed from the replies as given by 1000 representative business men of the United States. Among the answers read were those found expressing that a majority of opinion favored the sales tax, that interest rates would remain stationary in 1931, that price levels when fully reached, will possibly remain 25 per cent above 1914 levels, and that building activities will be considerably less this year than in 1929.

In conclusion Mr. Gorby summed up as the motives underlying all buying of merchandise in the hardware store, the following: Buying for use, for service, the spirit of caution and pride, and the love of play. This talk was splendidly received by everyone present.

Insurance Discussed
A short discussion and question box on fire and casualty insurance, brought out a number of interesting points not ordinarily taken into consideration in connection with the insurance side of one's business.

General topics discussed by members were: declines in prices, cash discounts, cooperative buying among dealers, local conditions in this territory, etc.

All present expressed themselves well rewarded for the time spent in coming to this meeting and many comments were heard creditable to Stevens Point as a city. The next meeting will be held in Marshfield in September.

Mohau Tree Produces Alcohol.

A new source of alcohol for commercial purposes has been found in the mohau tree, which flourishes in India.

LEASE WOOD LAND ON SUNSET LAKE FOR SCOUT CAMP

BEAUTIFUL LOCATION IS SECURED IN THE TOWN OF NEW HOPE BY STEVENS POINT COUNCIL

An ideal camp site has been secured by the Stevens Point Boy Scout council on Sunset lake in the town of New Hope, 20 miles east of the city. Twenty acres of wood land on the lake has been leased from its owner, Mark Nelson, of Benson's Corners, for a five year term, with the option of buying.

Scout Executive Jones declared that the location is one of the most beautiful and desirable he has seen in the middle west. "There is none better anywhere," he said, "and it will make a wonderful summer camp for local boy scouts."

Plans are rapidly being completed for the opening of the camp on July 15. Army tents will be provided for the scouts, and a swimming pier and mess hall constructed and other camping paraphernalia secured. Every detail of convenience for outdoor life will be taken care of. There will be accommodations on the tract of land leased for about 100 scouts a week. The camp will continue from July 15 to the last of August.

MANY IN ATTENDANCE AT ALUMNI BANQUET

SUCCESSFUL AFFAIR HELD AT
PARISH HOUSE ON FRIDAY
EVENING—MRS. SEWALL
NEW PRESIDENT

The annual banquet and reunion of the Stevens Point high school alumni association, held at the Parish house on Friday evening, was a most successful affair and was attended by 160 people, the largest gathering of its kind for several years. Representatives of many classes were present, including a large delegation of this year's June graduates.

The banquet was served at 6:30 by a birthday committee of the Parish Guild of the Church of the Intercession and was in three courses. Members of the class of 1921 formed a procession of couples, marching to their places and the other guests following them. The senior colors of green and white were carried out in the decorative scheme. Tables contained sweet syringas and candles were tied in green bows. A large bouquet of red peonies occupied a place on the center table.

Following the banquet a short program was carried out. Mrs. H. E. Spaulding, president of the association, being toastmistress. Mrs. T. R. Sewall gave the address of welcome to members of the class of 1921 and Raymond Somers, class president, was called on for the response. Two numbers were rendered by the High school girls' quartet after which Miss Marguerite Harriman gave two readings, this closing the program.

At a business meeting which followed Mrs. T. R. Sewall was elected president of the association for the ensuing year, Miss Marguerite Harriman vice-president and B. J. Carpenter secretary-treasurer.

Webster's orchestra furnished music during the banquet, and also for dancing, which continued until 11 o'clock.

BASS SEASON HERE OPENS ON JUNE 15

HEAD OF COMMISSION INFORMS
LOCAL WARDEN OF CHANGE
FOR PORTAGE
COUNTY

The bass season in Portage county opens on June 15 this year and not on July 1 as provided by the old game laws.

This information was received on Friday afternoon by Conservation Warden Frank Hornberg of this city, from Conservation Commissioner W. E. Barber. Mr. Barber called attention to the new opening date, but no explanation was given. The announcement coming from him is official, meaning that legislative action has been taken recently. It is understood here that in the northern counties the season remains closed until July 1 as bass are not done spawning until a later date.

Several good catches of pickerel are reported to have been made here during the past two days. The fish were caught in the Wisconsin River below the Consolidated dam.

BARKER PRIZES DROP

AT AMHERST VILLAGE
"No longer is the 50 cent hair cut and the 25 cent shave in existence in this village," says the Amherst Advertiser.

"Proprietors Peltzman and Buchanan of the local shops cut the prices, to take effect Wednesday, and now it is possible to get a shave for 20 cents, a hair cut for 40 cents and a shampoo for 25 cents."

SAVE \$126,000 ON ROAD JOBS

CONTRACTS LET FOR MARSHFIELD POINT AND THE AUBURNDALE-RAPIDS HIGHWAYS

LONG STRIP FOR ROAD IS

ALMOST 20 MILES OF CONCRETE FROM MARSHFIELD TO WISCONSIN RAPIDS

Contracts were let in Wood county Thursday for the construction of 20 miles of concrete roadway on state trunk lines 13 and 15. Eleven miles of this work will be on Road 13 from Marshfield toward Stevens Point. And nine miles will be on Road 15 from the junction with Road 13 at Milladore in the direction of Grand Rapids.

When this work is done, with the concrete now in, there will be probably 15 miles of concrete between Marshfield and Stevens Point and 20 miles between Marshfield and Wisconsin Rapids. The latter will be the longest strip of concrete in this part of Wisconsin. Work on the roads will commence not later than June 10.

Saved \$126,000 for County

By rejecting the bids on the same projects last February the committee effected a saving of \$126,000 for the county. After the rejection last spring the committee was given authority by the county board to go ahead and handle the proposition as they saw fit. The committee, after receiving authority to go ahead, waited for the decline in railroad rates, wages, cost of material and then advertised for new bids. The bids were opened Wednesday morning and accepted after it was found that they were not exorbitant.

Chicago Concern Low

The Hedges Construction company of Chicago, was the lowest bidder on the Marshfield-Auburndale and Milladore road with a bid of \$173,555.25 for the bond issue work, and \$51,409,507 for the federal aid project, making a total of \$324,964.75 for the two jobs. The bond issue project will commence at Harney's corners, on state road 13, and will continue east where it will meet the federal aid project, which starts from the west end of the concrete in the village of Auburndale and continues west about two miles. After the road between Harney's corners and Auburndale is completed the remainder of the money will be used in building a road starting from the east end of the concrete in the village of Auburndale and continuing east as far as the available funds will allow.

County to Grade

The Wausau Iron Works, Wausau, was the lowest bidder on the Auburndale-Arpin-Vesper and Seneca Corners project with a total bid, without the grading, of \$338,134.00. The county will do the grading on this road, as the committee believes that it could be done cheaper than the price quoted in the bid. This project will start at the intersection of highways 13 and 18 on the Marshfield-Auburndale road and will continue south about a distance of nine miles.

All Bids Rejected

The bid of the Hedges Construction Company on the Grand Rapids, Ploverville and Nellville project was the lowest but was rejected. It was found that the company could not undertake both the Marshfield-Auburndale project and the Grand Rapids-Nellville project, which caused the committee to reject the bid. Other bids on the project were considered to be too high.

ENGUM AND KRUSH WILL BE PAROLED

YOUTHS SENTENCED FOR UNAUTHORIZED USE OF CAR,
TO BE GIVEN NEW
CHANCE

Walter Krush and Guy Engum, sentenced to terms of two and three years, respectively, in the state reformatory at Green Bay after pleading guilty to the charge of operating an automobile without the owner's consent, are to be paroled. Applications for their parole were filed Friday afternoon in circuit court and will be granted by Judge L. B. Park.

Gerald Maine, who was sentenced to three years in the state reformatory for the same offense, will be compelled to serve his sentence.

TWELVE THOUSAND

AT A FARM FETE

A record-breaking picnic was held Thursday at Lone Tree farm at Green Lake when 12,000 attended the Food and Lac and Winnebago County Grange's "Breeders' association" gathering. Checks counted 1,977 cars up to four o'clock and many came after that hour. The Ray Farms of Elgin had charge of the parking of the cars, one of the most notable features of the whole affair.

WATER HEARING SET

TO TAKE PLACE AT CITY OFFICES HERE ON JUNE 16

Date of the hearing on the question of compelling the Stevens Point Water company to install water mains on Union street and Water street has been set for June 16, at 10 o'clock, at the city offices.

The state railway commission requests that at that time all interested parties be present and offer their case.

MEDFORD LOSES TOP POSITION IN LEAGUE

MARSHFIELD FIRST, STEVENS POINT AND MONROE TIEING FOR SECOND—FORMER LEADERS THIRD

TEAM STANDINGS

	W.	L.	Pct.
Marshfield	4	1	.800
Stevens Point	3	1	.750
Monroe	3	1	.750
Medford	2	1	.667
Schofield	3	2	.600
Merrill	2	3	.400
Stratford	1	4	.200
Tomahawk	0	5	.000

SUNDAY GAMES

Marshfield 3, Medford 1. At Medford.)
Monroe 5, Merrill 4. (At Monroe)
Schofield 6, Tomahawk 4. (At Tomahawk.)

Stevens Point 4, Stratford 2. (At Stevens Point.)

Sunday's games in the Wisconsin Valley league shifted the percentages about, Medford, heretofore the league leaders, dropping to third place, Marshfield taking the lead, and Stevens Point and Monroe tying for second place with percentages of .750. Schofield by beating Tomahawk while Merrill was losing to Monroe jumped up a notch, while Stratford went down. Stratford and Tomahawk retained their cellar positions.

The Stevens Point-Medford game, protested by Medford because Wisconsin used the spitball, will probably be played over in Stevens Point some Wednesday the latter part of the month. Manager Claude Engleberger intends to start the game late in the afternoon, in order to give business people a chance to get out to the game.

Stevens Point plays Merrill at Merrill next Sunday, and the following week will play the big game of the season, when Monroe meets Stevens Point here.

BUST IS PRESENTED TO LINCOLN SCHOOL

MOTHERS OF EIGHTH GRADE
PUPILS GIVE PIECE OF
SCULPTURE AS GIFT
OF APPRECIATION

The mothers of eighth grade pupils of the Lincoln school presented the school with a life size bust of Abraham Lincoln at the graduation exercises at the high school Thursday afternoon, as a token of appreciation to the eighth grade teachers. The presentation speech was made by Supt. H. C. Snyder and the bust was unveiled by Billy Anderson and Marie Betlach. Miss Lettie E. Wick extended thanks in behalf of the teachers.

BREWING COMPANY

IN NEW BUSINESS

Wisconsin Rapids Firm Plans to Put Up 60,000 Cases of String Beans

The old brewery building at Wisconsin Rapids is to be turned into a string bean canning factory by stockholders of the company. An addition is being built preparatory to opening the plant June 20. Farmers in the vicinity of Wisconsin Rapids have 170 acres in beans at the present time with a prospect that more will be planted for the late crop. About 160 men will be employed by the company during the canning season. It is planned to put up 60,000 cases of the product this season. The manufacture of soft drinks and near beer will be continued by the brewing company in the building occupied by the bottling works.

WORK ON HIGHWAY IS

ALSO ON HIGHWAY 64

Contract has been let for the grading of 13 miles of road on Highway 13 between Marshfield and Medford. This is the Stevens Point-Ashland road, much favored by local automobile drivers. Work is also to be done on 13 near Medford.

An important piece of work in Taylor county will be the grading of five and one-half miles on Road 64, the new road being constructed all the way across the state and which passes through Medford. Five concrete bridges are also to be put in in Taylor county this year.

FARMER BADLY BURNED

Trice to Save Horse Following Explosion of Lantern

Alvin Edner, a farmer residing five miles southeast of Nekeosha, Wis. in Riverview hospital at Wisconsin Rapids, his breast, arm and back badly burned as the result of a fire which destroyed his barn, causing a

loss estimated at \$2,000, partly covered by insurance.

Mr. Edner had returned from his work in the field and was about to feed his horses when he discovered a nest of eggs in a hay-loft. When he returned with a lantern to get them an explosion occurred, flames quickly enveloping the barn. In an attempt to remove his horses to a place of

safety, Mr. Edner's clothing caught with flames from the barn, and before help could be obtained he was badly burned.

Getting the Goods

Commercial Traveler—"My travels, you, my dear Louisa, exceeds anything that can be offered in this part of the West."—Stevens Point.

A pipe won't burn your tongue if you smoke P.A.!

Get that pipe-party-bee buzzing in your smoke-section! Know for a fact what a joy 'us jimmy pipe can and will do for your peace and content! Just check up the men in all walks of life you meet daily who certainly got top sport out of their pipes—all aglow with fragrant, delightful, friendly Prince Albert!

And, you can wager your week's wage that Prince Albert's quality and flavor and coolness—and its freedom from bite and parch (cut out by our exclusive patented process)—will ring up records in your little old smokeometer the likes of which you never before could believe possible!

You don't get tired of a pipe when it's packed with Prince Albert! Paste that in your hat!

And, just between ourselves! Ever dip into the sport of rolling 'em? Get some Prince Albert and the makin's papers—quick—and cash in on a cigarette that will prove a revolution!

Determine the True Value of The Nash Six Sedan by Comparing It With Other Sedans Considerably Higher in Price

The price of the Nash Seven Passenger Sedan with cord tires is \$2895 f. o. b. Kenosha.

Compare it with other sedans costing \$300 to \$600 more.

You will find, as others have found, that the Nash Sedan not only equals but actually surpasses many sedans costing hundreds of dollars more.

It has more power, due to its Perfected Valve-in-Head Motor, giving it the quick responsiveness of a touring car.

It is a beautifully designed car, roomy and luxurious and evidencing its high quality in every particular of finish and appointment.

All models of the Nash Six, both open and closed, have cord tires as standard equipment.

5-passenger touring car	\$2495
2-passenger roadster	1695
4-passenger sport model	1895
7-passenger touring car	2575
4-passenger coupe	2695
7-passenger sedan	2895

REPAIR CREW HERE HELPS CITY

GENERAL SUPERINTENDENT URBANUS SAYS SOO HAS 150 MORE MEN IN CREW THAN A YEAR AGO

DOUBLE TRACK WORK ALREADY LAID OUT

RAILS BOUGHT FOR LINE FROM JUNCTION TO STOCKTON, -WAIT ON MONEY MARKET

One of the big reasons for Stevens Point's prosperity while other cities, particularly railroad centers, are suffering business depression, was stated today by C. E. Urbanus, general superintendent of the Soo road, a talk to the Rotary club. Mr. Urbanus, E. F. Potter, assistant to a president, and W. W. Wade, J. H. Brien, C. F. Gillisby, E. A. Lwahn, H. B. Brooks, D. J. Leahy and L. D. Richards of the Soo department here were guests of the club at a noonday dinner.

Crew 150 Bigger
"Do you know," asked Mr. Urbanus, "that the repair department in Stevens Point is employing 150 more men than it was a year ago? At Minneapolis we closed our locomotive shops, reopening them later, while other roads closed theirs and have not been reopened. While our crews have been increased here in that department, elsewhere railroads are cutting to the minimum."
Reason for the big repair crew here, the general superintendent said, is that the company was making it policy to put its cars into condition preference to other work. "Our repair men were tramping in the two and a half years of government operation," Mr. Urbanus said. "When we got our cars back they were in need of repair. We are bending every energy to getting them ready to move the next crop, which will start in 60 days a little more. So we are working on repair crews and sending out cars to other shops which do repair work. We have sent many to Manitowish. And as I said, we increased our crew at Stevens Point."

To Keep It Up
In spite of all it had done, Mr. Urbanus said, the company had added 1,000 cars to its serviceable list—enough for one day's loadings when a crop is moving. He said, therefore, in a talk with the Journal after a meeting that the full repair crew could be kept employed in Stevens Point indefinitely.

Many things, Mr. Urbanus said, at Stevens Point a good town, and the railroad's big crew must not be overlooked. He said that, while any business men might object to a statement that business is going here as usual, he could say that compared to other places there had been practically no let down in Stevens Point.

To Double Track Road

In an interview with the Journal C. E. Urbanus also said that the plans are all completed for a \$10,000,000 improvement program by the Soo when the money market tightened up it prevented it. He mentioned two sources of interest to Stevens Point, they are:
Double track from Junction City to Stockton.
Double track from Spencer to Marshfield.

Only Postponed

This work will be undertaken just soon as the Soo can get the money, said. The rails have been purchased and delivered. It is only a question of improved conditions and money, and while he could not set a definite date for the beginning operations, he hoped it would be soon.

HERE FROM THE WEST

Members of Borden Family Arrive From San Antonio
Mr. and Mrs. John A. Blair and baby were up from Plainfield Saturday to meet Miss Kathryn Borden, Bayard Mitchell Borden, who arrived here in an afternoon train from San Antonio, Texas, to spend the summer with relatives and former neighbors. The young people's father, Dr. F. R. Borden, practiced medicine at Plainfield for several years prior to the world war when he volunteered for service in the medical department and as an active duty both in this country and France. Shortly after receiving an honorable discharge he joined a regular army was given a major's commission and assigned to the camp

BREEDERS TO MEET MEET NEXT WEEK FOR ANNUAL EVENTS

The Jersey picnic at Amherst Junction on Thursday, June 10, and the Guernsey picnic on Friday, June 11, are the two important events of the month for cattle breeders and dairymen of Portage county. Mrs. E. F. Tobie of the recently formed county Jersey Club will entertain the Jersey men and their families and friends. There are a number of excellent herds of grade and pure-bred Jerseys in Portage county, and some of the animals now on official test are making records comparing favorably with any other breed. The picnic is planned to celebrate their achievements and devise methods for local breed promotion during the coming year.

The Rosholt Guernsey club and the Rosholt Advancement association have joined hands to entertain. Portage county Guernsey boosters and their friends. Committees have been at work on plans for some time and preparations for entertaining a record crowd are being made.

Visitors who bring their lunches will be furnished coffee free by the hosts and an opportunity to purchase dinner on the grounds will be afforded those who come unprepared. Prizes are offered for cattle exhibits and winners of judging contests. An exhibit of fine Guernsey cattle will be made by local breeders.

Jersey and Guernsey men have joined in securing at considerable expense a specimen of the "Norwegian mule," so named from its introducer into this state—a county agent in northern Wisconsin of Scandinavian extraction. This animal will be shown at both picnics and visitors afforded an opportunity to ride him.

GREAT SLUMP SHOWN

HOW PRICES OF THE FARMERS' GOODS HAVE DECLINED IN PAST YEAR

Figures given below, showing average prices paid farmers in May, 1921, and May, 1920, are taken from a report of the Wisconsin Division of Markets. The average given for potatoes at least is considerably higher than the price paid in the potato centers of central Wisconsin. The market division's figures on prices paid farmers are:

	May av. 1921	May av. 1920
Potatoes, cwt.	1.64	1.53
Milk, cwt.	1.63	1.50
Hogs, cwt.	7.30	13.00
Cattle, cwt.	5.17	8.42
Butter, lb.	.30	.39
Eggs, doz.	.189	.27
Corn, bu.	.888	1.71
Oats, bu.	.386	1.07
Wheat, bu.	1.22	2.44
Barley, bu.	.597	1.48
Timothy hay, ton	15.93	28.42
Mixed fowls, lb.	.187	.273

The average state retail prices for May of this year and last are given in the following table:

	May av. 1921	May av. 1920
Potatoes, lb.	.015	.071
Milk, qt.	.098	.11
Eggs, doz.	.22	.32
Butter, lb.	.304	.64
Sugar, lb.	.092	.232
Pork chops lb.	.262	.324
Round Steak, lb.	.25	.315
Flour, 49 lb sack	.239	.459

A number of the co-operative potato shipping associations have signed and sent in the statement sent out some time ago by the Wisconsin Division of Markets. This signed statement signifies they are ready to consider the organization of a state central potato marketing organization similar to those now in operation in Michigan and Minnesota.

DIVORCE IS GRANTED

ABSOLUTE DECREE IS AWARDED BY JUDGE PARK TO HAZEL SIMONTON

Hazel Elizabeth Simonton was on Saturday granted an absolute divorce from Edward M. Simonton by Judge B. B. Park in circuit court.

The couple were married January 7, 1918, and have two children, Dorothy Hazel and John Francis, the younger one being only about two months of age. In her complaint Mrs. Simonton accused her husband of cruel and inhuman treatment. She did not charge her husband with violence, but with neglect, fault finding and nagging.

Under a stipulation made, the plaintiff is to have the custody of the two children, but the father will have the right to visit them at least twice a month. The plaintiff is to receive \$1 a month as nominal alimony and \$29 a month for the support of the children until they attain the age of 16. She will also receive \$320 remaining in a fund previously set aside by her husband for temporary alimony and will have ownership of the household goods, with the exception of a photograph, which goes to the defendant. A diamond ring given to the plaintiff by the defendant remains her property. The defendant is to pay the plaintiff's attorney \$40 as fees and suit money.

RURAL PUPILS GRADUATE SOON

COMMENCEMENT EXERCISES OF 1921 FOR PORTAGE COUNTY. TO BE HELD HERE ON JUNE 11

AWARD DIPLOMAS TO 189 REPRESENTATIVE SPELLERS TO COMPETE FOR HONORS IN THE MORNING

Nearly 200 boys and girls of the eighth grade classes of the rural and graded schools of Portage county will receive diplomas at commencement exercises to be held at the State Normal auditorium in this city on Saturday, June 11.

The list of graduates is smaller this year than last, due to a new plan being followed which requires each pupil to take a year of eighth grade work and prevents him from taking the eighth grade examination until he has done so. Previously, in meritorious cases, a pupil was permitted to write in the finals and if successful in passing this, was excused from a year's work.

Programs announcing the commencement events of June 11 have been prepared by Miss Alice M. Gordon, county superintendent, and her assistants, the Misses Lucile M. Bernard and Regina H. Somers, supervising teachers. The program follows:

Morning Session
10 a. m.—Spelling, arithmetic and penmanship contest, conducted by Prof. O. W. Neale, director of the rural course at the Stevens Point State Normal. The spelling and arithmetic contests will be written only. The winner gets a free trip to the state fair in Milwaukee in the fall.

All are invited to bring lunches and cups. Coffee and cream will be served at noon.

Afternoon Program
Beginning at 1:15 o'clock in the afternoon, the following numbers will be given in the Normal auditorium: Address, President John F. Sims. Instrumental music, Rosholt graded school.

Lucy's Story of the Owl, Walter Ward, Prairie school, Stockton 4.
Wreath drill, Pleasant Valley, Buena Vista 2.
Language exercises, Sunnyside, Buena Vista 5.
Vocal solo, Lucile Johnson.
Japanese exercise, Liberty Corners, Buena Vista 1.
Three Bears, Josephine Swanson, Runkles, Eau Claire 5.
Folk dancing, Rosholt graded school. Address, Professor O. W. Neale. Presentation of diplomas, Alice M. Gordon, county superintendent of schools.

Star Spangled Banner, audience.

The list of eighth grade graduates, numbering 189, is given below:

Anderson, Myron, Nelsonville
Alberic, Doris, Plover, R. 1
Abbott, Vera, Plainfield
Armstrong, Redolph, Custer, R. 1
Beger, Myra, Bancroft
Bender, Iva, Plainfield

Hutchinson, William, Bancroft

WISCONSIN CROPS BEYOND AVERAGE

FURTHER ALONG THAN IS USUAL AT THIS SEASON, SAYS OFFICIAL REPORT

Madison, Wis., June 3.—The crop season is in advance of normal, according to the state crop reporting service. Continued improvement was shown during the last week in all growing crops because of higher temperature and warm rains. The rain damage has been light.

There has been less spring wheat and barley sown. Corn planting is now complete and the first cultivation is under way in southern Wisconsin. Lowland crops were damaged by excessive rains. Strawberries will yield light and other small fruits have poor prospects. The cherry crops will equal and perhaps exceed last year but the early apple crop is poor, the report said.

First pub June 3 st
COUNTY COURT, PORTAGE COUNTY, WIS.—IN PROBATE
In the matter of the will of Augusta Vollendorf, Deceased.
Notice is hereby given, that at a special term of the county court to be held in and for said county at the court house in the city of Stevens Point in said county on the first Tuesday (being the 5th day) of July, A. D. 1921, at the opening of court on that day, or as soon thereafter as the matter can be heard, the following matter will be heard and considered:

The application of Carl Rosholt, executor of the will of Augusta Vollendorf, deceased, late of Town of Sharon in said county, for the examination and allowance of his final account, and for the assignment of the residue of the estate of said deceased to such persons as are by law (or by the terms of said will) entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated this 4th day of June, A. D. 1921.

STICK-UP ARTIST VISITS MARSHFIELD

STANDARD OIL FILLING STATION IN HEART OF CITY IS ROBBED OF MORE THAN \$200

A stick-up artist made a cleaning at Marshfield at 10 o'clock Saturday night, when he robbed the Standard Oil filling station, in the heart of the city, of upwards of \$200, representing the day's receipts.

The robber stood the caretaker up against the wall at the point of a revolver, and extracted the change from his money belt. He then backed the caretaker into a toilet and locked him inside, after which he helped himself to the money in the till.

The caretaker was locked up for some time before a caller at the station saw his predicament and released him.

SETTLEMENTS MADE
Two claims against Marathon county resulting from the deaths of Frank Koeller and Henry Laack of the town of Rib Falls, who died from injuries received when a gravel bank caved in and caught them while working on a county highway last March, have been settled. The state industrial commission decided that the widow of each was entitled to compensation in the sum of \$4,000 if paid in installments. Mrs. Laack elected to accept monthly payments and will receive \$16.66 per month until she has drawn the full amount. Mrs. Koeller preferred to have cash at once and was paid \$4,000 less a deduction being made for the value of the unpaid bond.

SHIPPING BOARD

Importers, exporters, travelers—ship and sail under the Stars and Stripes

THERE are today few ports in the world of importance to shippers or travelers, which cannot be reached by ships that sail under the Stars and Stripes.

President Harding has said that, "We cannot afford successfully where we do not carry". The American Merchant Marine that once almost vanished is again established and important carrier of the world's commerce.

You can ship or sail anywhere in American ships designed for utmost comfort and safety.

LOCAL SCHOOL HEAD LEAVES CITY SOON

**L. R. KLINGER ELECTED TO
TEACHING POSITION IN
PENNSYLVANIA FOR
COMING YEAR**

Principal L. R. Klinger of the Stevens Point High school, whose resignation became effective with the close of the present school year, leaves on June 12 in company with his family for Reading, Pa., where they will make their future home.

Mr. Klinger has accepted a position as head of the elementary science department of the Reading High school. That city has a population of 112,000 and the position carries a substantial salary. The family formerly resided in the east and in deciding to resign here Mr. Klinger was prompted by a desire to be nearer his former home at Williamstown, Pa., located 70 miles from Reading. He has been High school principal here for two years.

Vincent Advanced
The new principal is Paul M. Vincent, who has been a member of the High school faculty for the past two years, during which time he has been in charge of athletic work. Mr. Vincent was elected to fill the vacancy caused by Mr. Klinger's resignation by the board of education at its March meeting. His election is a promotion and gives him an increase in salary.

Goes to Janesville
Miss Florence E. Babcock, another member of the High school faculty for the past two years, who has been head of the English department, has accepted a similar position at Janesville for the coming school year. She will receive a substantial advance in salary and will have seven teachers under her supervision. Miss Babcock is to be succeeded here by Miss Ruth Bradish, now a member of the local faculty.

Teachers Leave
Practically all faculty members who reside out of the city have gone to their homes to spend the summer vacation.

**SUNDAY SCHOOL SESSION
HELD AT BUENA VISTA**

Many Attend Convention in Central Town of County

Buena Vista, Wis., June 7.—The Sunday School convention held here May 28 was a great help and inspiration to all who attended. The Ladies Aid served a bounteous dinner and supper which was much appreciated.

Local and Personal
Mr. and Mrs. Marvin Miller and son Edward of Sheboygan county visited the Lemmings from Friday until Sunday.

Mr. and Mrs. C. Webster entertained a company from Fond du Lac over Memorial day.

Miss Irene Eskritt is home from the hospital and doing nicely.

Mr. and Mrs. Charley Whittaker from Wausau spent the past week with relatives here.

Mrs. F. C. Odenwelder has returned from Abbotsford where she spent two weeks, being called there by the illness of her sister, Mrs. Charles Odenwelder.

Mr. and Mrs. C. Hoffman of Abbottsford were recent visitors of Mrs. Hoffman's mother, Mrs. Mattie Hibbard.

Mr. and Mrs. Gardner and son, Ray, of Appleton are visiting at the home of Gehringer home.

Mr. and Mrs. Fred Felt and little son, Raymond, are here from Kenosha for a two weeks' stay with relatives.

OBITUARY

Mrs. Emily Eskritt

Mrs. Emily Eskritt, widow of James Eskritt, 944 Briggs street, died Sunday afternoon at 2:30 o'clock at St. Michael's hospital after an illness of several weeks. She had been a patient at the hospital for the week previous to her death, which was caused by dropsy and old age.

Mrs. Eskritt was born in England September 25, 77 years ago, and when but an infant came to the United States. She lived with her parents near Fond du Lac for several years, and came to Portage county from there. For many years Mrs. Eskritt and her husband were residents of Liberty Corners, but for the past few years she has been a resident of Stevens Point.

There survive two sons and one daughter, Elmer of Amherst, Robert of Liberty Corners, Mrs. John Boursier of Buena Vista, three brothers, Tom Gallon of Almond, Sam of Liberty Corners and George who is a resident of the state of Washington, and one sister, Mrs. Schuyler Whitaker of Liberty Corners. Byron Boursier, 1025 Briggs street, is a grandson.

The funeral will be held Tuesday afternoon at 2 o'clock at the Methodist church at Liberty Corners, burial following in the church cemetery.

Mrs. Thomas Mroczak

Mrs. Thomas Mroczak, 432 Sixth avenue, died Sunday evening at 6:15 o'clock, of infirmities due to old age. Mrs. Mroczak was 86 years old.

She was born in West Prussia in Germany and when about 40 years old came to the United States, living for a time at Buffalo, N. Y., from which place she moved to Stevens Point, where she had since resided. She is survived by her widower and two daughters, Mrs. Charles Bagans, 1019 Portage street, and Mrs. John Korbak, Beloit, Wis.

The funeral will be held Wednesday morning at St. Peter's church, burial following in St. Peter's cemetery, beside the body of a son, Frank, who died several years ago.

Regina Klappa

Regina Klappa, aged 19 years, a sister of Mrs. Frank Kulinski and Mrs. Peter Urbanowski, both of this city, died at the home of her parents, Mr. and Mrs. James Klappa at Wisconsin Rapids at 9:30 o'clock Saturday morning following an illness of six days. She had been employed by the Mott-Wood company in that city and was apparently in normal health up to a week before her death.

The deceased leaves her parents and four sisters. Besides the sisters residing in Stevens Point there are Frances and Johanna Klappa, twins, aged fourteen. Four brothers, Edward, Titus, Harry and Stanley, also survive.

The funeral will be held on Wednesday morning at 9 o'clock from the SS. Peter and Paul's church at the Rapids with burial following in Calvary cemetery. Local relatives will attend the services.

Mrs. Will McIntype

Mrs. William McIntype, formerly of the town of Belmont, in this county, passed away at her home at Weyauwega Wednesday morning, after an illness of dropsy and complications.

Deceased is survived by her husband and four sons. Funeral services were held at Blaine M. E. church on Saturday afternoon at 1 o'clock. Interment took place in the Belmont cemetery.

Mrs. Gilszinski Buried

The funeral of the late Mrs. John Gilszinski of the town of Sharon, who died at her home Tuesday morning following a short illness with pneumonia, was held from Sacred Heart church at Polonia this morning. Rev. L. J. Pescinski officiated and burial followed in the parish cemetery. The pallbearers were Theodore Gilszinski, Joseph Tuszowski, Frank Schultz, Edmund Schultz, John Wierdowski and August Tuszowski.

BITS OF NEWS Mostly Personal

TUESDAY

Mrs. James Kanopa and daughter, Miss Martha, of Milladore spent Monday in Stevens Point on a shopping trip.

Miss Mae Webster has gone to Abbotsford for a week's visit with her sister, Mrs. Alfred Held.

Mr. and Mrs. W. C. Beecher of Marshfield have returned home after spending the past week-end at the home of Mrs. Beecher's father, Ed. Frost in Linwood.

Mrs. Harry Smith and son, Jimmy have gone to Eau Claire to spend today and Wednesday visiting with relatives.

Aaron Ritchay, who is an instructor in the Wisconsin Rapids High school, was a guest at the home of his brother, J. R. Ritchay, 300 Mill street, Monday. He left for his home at Mellen early this morning, where he will spend a week, after which he will return to Wisconsin Rapids, where he is to be employed for the summer. Mr. Ritchay will again teach in the High school there next year.

Miss Olive Skinner, 311 Clark street, teacher in the public schools of Withee, has arrived in the city and will spend the summer at her home here.

Miss Laura Raymond of Arnott is a patient at St. Michael's hospital, where she is receiving treatment.

Miss Dorothy Leahy and Adolph Lepinski returned home Monday after spending the week-end at Fond du Lac. They were accompanied to this city by Miss Mable Reimenschneider.

Mrs. Glenn Precourt, 220 North Division street, is visiting in Milwaukee. Mr. and Mrs. William Jacobson, 504 Illinois avenue, returned from Fond du Lac Monday, where they spent a few days visiting relatives.

William Jacobson and son, Gordon returned to Iron River, Mich., Tuesday after spending a week at their home at 504 Illinois avenue.

Mr. and Mrs. John Kitowski and son, who have been guests at the home of Mrs. John J. Nowak, visiting Mr. Kitowski's father and other relatives in this city, left for their home in Chicago. They were accompanied by the Misses Mae and Marcella Nowak, both nieces of Mr. Kitowski, who will spend a two weeks' vacation there.

Supt. H. C. Snyder and family leave Wednesday morning for Oskaloosa and Baton, Iowa, where they plan to spend a month. At the former city they will be guests of Mr. Snyder's parents, Mr. and Mrs. H. H. Snyder, and at Baton at the home of Mrs. Snyder's parents, Mr. and Mrs. U. F. Weant.

Mrs. Elmer Lane, Miss Maude Pickering and Master James Dumley, the latter a nephew of Mrs. Lane, all of Plainfield, have returned home after spending a day in the city at the home of Mr. and Mrs. James L. Ripton, 727 Church street.

Mrs. Duane Fox, 408 Mill street, is spending a week in Plainfield visiting with relatives.

Miss Louise Mann, daughter of Mr. and Mrs. George Mann, 822 Division street, is visiting with her aunt, Miss Ida Mann, at Mayville.

Mrs. W. Hotzfeld, 302 Church street, and her two children, Mildred and Billy, left this morning for Chicago to spend two weeks at the home of Mrs. G. Birk.

Roy Sainden, principal of the Colby schools last year, is visiting among friends in town. He will enroll at the summer session of the Normal school next week and take advanced studies. Mr. Sainden has accepted a teaching position in Oklahoma for the coming year.

A son, Jerome Arthur, was born Monday morning to Mr. and Mrs. F. E. Scherr, 435 Church street. There is one other boy in the family.

Say it with printer's ink.

A Partnership

That is what marriage is, or ought to be. The right woman can give the right man the right start. And this applies to money matters as much as to other things. Usually the woman in the house has a great deal to say about expenditures. The best protection AGAINST HARDSHIP in the future is a little self denial in the present, and it ought to be practiced in the home by mutual consent of those concerned. If husband and wife make common cause in this matter, results can be obtained that could be secured in no other way.

ARRESTED IN CHICAGO ABANDONMENT CHARGED

Carl G. Hapstock was arrested at Chicago Monday by Sheriff John A. Berry and was brought to Stevens Point to answer to a charge of abandoning his wife and eight-month-old baby and failing to contribute to their support. The wife and child live in Stevens Point. On being arraigned before Justice G. L. Park Tuesday afternoon he pleaded guilty and was bound over to the circuit court. He is expected to appear before Judge B. B. Park soon to receive sentence.

Peat is Full of Chemicals.
Aside from its value as fuel and its use in agriculture, peat has a score or more of uses, and its field is being constantly widened. A long list of chemicals are extracted from it. These include ammonia, methyl alcohol, acetone, acetic acid, pyridines, monophenols, a gasoline-like spirit, some neutral oils, paraffin wax, tar and dyes.

Health Before Everything.
Health is the essential factor in productivity, prosperity and happiness, and hence in the advancement of civilization.—Sir Frederick Treves.

First Pub. June 8, '21—3WG COUNTY COURT, PORTAGE COUNTY, WISCONSIN— IN PROBATE

In the Matter of the will of Patrick McNamara, Deceased.

Notice is hereby given, that at a special term of the county court to be held in and for said county at the court house in the city of Stevens Point in said county on the first Tuesday (being the 5th day) of July, A. D. 1921, at the opening of court on that day, or as soon thereafter as the matter can be heard, the following matter will be heard and considered:

The application of Anthony Riley, executor of the will of Patrick McNamara, deceased, late of Town of Buena Vista in said county, for the examination and allowance of his final account, and for the assignment of the residue of the estate of said deceased to such persons as are by the terms of said will entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated this 7th day of June, A. D. 1921.

By the Court,
W. F. OWEN,
County Judge.

Fisher & Cashin,
Attorneys for the Executor.

First Pub. June 8, '21—4WG STATE OF WISCONSIN IN COUN- TY COURT, PORTAGE COUNTY

In the Matter of the Estate of Sarah Iveson, deceased.
Notice is hereby given, That at the Special Term of the County Court, to be held in and for said County, at the Court House in the City of Stevens Point, in said County, on the first Tuesday of July, A. D. 1921, the following matters will be heard, considered, examined and adjudicated: the application of David Iveson, administrator of the estate of Sarah Iveson, late of the Town of Stockton, in said County, deceased, to sell or incumber real estate belonging to such estate for the payment of expenses and debts, said real estate being situated and described as follows: The West Half (W½) of the Northeast Quarter (NE¼) of Section Twenty-three (23) Township Twenty-three (23), North of Range Nine (9) East, except a piece or parcel described as follows, to-wit: Commencing at the Northwest corner of said West Half (W½) of the Northeast Quarter (NE¼), thence East on Section Line Twenty-two (22) rods, thence South at right angles twenty-four and three-fourths (24¾) rods, thence West to quarter line Twenty-two (22) rods, thence North on said Quarter line Twenty-four and three-fourths (24¾) rods to place of beginning.

Dated the 7th day of June, A. D., 1921.

By the Court,
W. F. OWEN,
Judge.

Fisher & Cashin,
